EISLER REFUSES TO TESTIFY ON RED CHARGES

Alleged No. 1 Communist Is Cited for Contempt, Faces Conspiracy Rap

WASHINGTON, Feb. 6 (AP)—Gerhard Eisler, alleged secret overlord of all U. S. Communists, defied the House committee on un-American activities today and the committee promptly moved to prosecute him on charges of plotting to overthrow the Government.

Spitting in anger, the bespectacled little man described as Moscow's No. 1 agent in this country, refused to testify under oath.

First the committee cited him for contempt. Then Chairman J. Parnell Thomas (R-NJ) announced that the committee had decided to turn over to the Justice department, for "appropriate action," the following charges:

Conspiracy to overthrow the American Government, perjury, income tax evasion and passport falsification.

From his own bitterly scornful sister, the committee heard that Eisler was the top American worker for the Communist International, "a dangerous terrorist" who did his "dirty work" on orders straight from Moscow.

For the moment, Eisler was hustled back to Ellis Island where he faces charges of breaking the immigration laws. He left the committee room, shouting in the accents of his native Germany, that he is an "anti-Nazi political prisoner."

But by bit, the committee pieced together accounts of his alleged operations. The story was told by Ruth Fischer, the sister, who testified under oath that he had been sent to the United States in 1933 "to take over Communist activity" in this country, and that he was once praised in a report to Moscow for his "excellent achievements."

William Odel Nowell, a Georgian Negro who said he broke with the Communist party in 1936, identified Eisler as a man whom he first met in Moscow and later in Detroit—an agent with powerful influence in the inner circle of the Communist International.

A statement from FBI Director J. Edgar Hoover originally given the Immigration service in October, 1946, in seeking Eisler's deportation, stated that Eisler "controlled and directed" (Continued on Page Twelve)

New Pumper's Test Explained to Firemen

The underwriter's test which the new pumper of the Philadelphia Steam Fire Engine company must undergo tomorrow afternoon was explained to 50 members last night at the company's meeting.

The new truck, taken to the Manataway creek bridge at 1 o'clock and must pump water continuously for three hours.

This test is required by law before the company can make it a permanent part of its equipment. George Maurer, chief engineer, will be in charge of the demonstration.

Company firemen were confident that the pumper will not fail the test since it has been given vigorous preparatory tests as late as last night and was found to be working perfectly.

At a future date, to be announced later, the company will open its doors for the public to inspect the truck. The inspection will last for three days. Arrangements for it are in the hands of the engineers.

At the business session, 17 were elected to membership and 26 names were proposed.

Henry Schumoyer, president, was in charge.

3-Cent Wage Boost Won By Glass Firm Workers

WASHINGTON, Feb. 6 (AP)—Agreement on a new contract providing a three-cent hourly wage increase was announced tonight by the CIO Glass, Ceramic and Silica Sand Workers of America and two leading glass firms.

The companies are the Libbey-Owens-Ford Glass company and the Pittsburgh Plate Glass company.

The new contract covers approximately 16,000 workers at 16 plants of the two firms.

Extending to Feb. 1, 1948, the contract sets a new minimum wage of \$1.01 an hour for all workers. This compares with a former minimum of 98 cents an hour for male workers and 96 cents for women workers.

THE WEATHER

For Eastern Pennsylvania: Partly cloudy, windy and turning cold with snow flurries in the mountains today. Colder tonight.

Democrats Will Ask Truman To Run in '48, Hannegan Says

NEW YORK, Feb. 6 (AP)—Democratic Chairman Robert E. Hannegan, in an apparent plea for the reelection of President Truman in 1948, said tonight that "we are ready to call upon our President again."

Hannegan, who is also postmaster general, eulogized Mr. Truman in a speech at a dinner of postal supervisors. Praising the President's handling of perplexing foreign and domestic problems, he concluded:

"We have gone far and fast, but the task of leading us to peace and plenty is not accomplished in a day nor a year.

"Until that work is done, we are ready to call upon our President again as the man who has proved himself fit for the job. America will give him the support and loyalty that he deserves of us all, through the years ahead."

In Washington, Carroll Reece, chairman of the Republican national committee, commented briefly: "It is again the voice of Hannegan but the hand of Pendergast."

The allusion was to the so-called Pendergast political "machine" in Missouri which gave Mr. Truman

his start in politics.

It was Hannegan's first speech since he went to Florida for two months to recover his health. He has been suffering from high blood pressure. The testimonial dinner in his honor was given by the postal supervisors of New York.

As Washington, presidential press secretary Charles G. Ross said in reply to reporters' queries that the President had no advance knowledge of the contents of Hannegan's speech.

Mr. Truman only knew that Hannegan was making a speech, Ross said.

"Did the President know that Mr. Hannegan was launching his boom, if you can call it that?" one newsman asked.

Ross said the President did not, that he did not discuss the speech with Hannegan.

Hannegan conferred with the President for 90 minutes Monday afternoon and later talked with Matthew J. Connelly, a presidential secretary. Later he told reporters he had discussed postoffice as well as political problems with the Chief Executive.

Disagreement on Rules By U. S. and Russians Delays Arms Cut Vote

NEW YORK, Feb. 6 (AP)—The United States and Soviet Russia failed to agree again tonight on the working rules for a proposed United Nations arms commission.

This impasse blocked once more all efforts by the U. N. Security Council to write a resolution creating the arms commission.

Six weary delegates adjourned their second day of closed meetings at 7:30 p. m. (Pottstown time). They will meet tomorrow at 3 p. m. for another attempt to find a common ground.

Meanwhile, they urged the United States and Russian delegates to meet privately during the morning and try to reconcile their positions.

There was no indication tonight whether they would meet.

The six delegates, representing the United States, Russia, France, Colombia, Australia and Belgium, were asked Tuesday by the Council to draw up an acceptable resolution creating an arms commission after it became apparent that the United States and Russia were at odds over the method of approach to the problem.

The delegates have not yet settled the major obstacle.

Warren R. Austin, United States delegate, was reported standing his ground on the U. S. demand that the projected arms commission must not infringe on the work of the already existing U. N. atomic energy commission.

Four-Motor Cuban Plane Crashes Into Mountain; Five Americans Perish

AVILA, Spain, Friday, Feb. 7 (AP)—A four-engine Cuban DC4 airliner crashed into a fog-shrouded cliff in the Gredos mountains 90 miles west of Madrid last night, killing the three passengers and seven crewmen aboard. Most of the members of the crew were Americans.

The plane, the Ruta de Colon (Route of Columbus) of the Compania Aerovias Cubana, was en route from Lisbon to Madrid when the accident occurred. It had left Havana Wednesday morning flying by way of Bermuda and the Azores.

(In Havana the offices of the airline said the plane carried five American crewmen. These men, all of Miami, Fla., are: Capt. A. B. Kyger, pilot; Lee Larlow, co-pilot; N. R. Russell, second pilot; H. B. Peters, mechanic and P. L. Ness, navigator.)

(The company also listed Primitive Gonzales, a radio operator, and Lorenzo Monteverde, steward, both Cubans, as members of the crew.)

According to the Cuban legend aboard were Diego Velutia Esparta, 29, a Cuban; Mrs. Gloria Gomez Mena de Ruano, 37, a Cuban, and Serafin Fernandez, 51, a Spaniard. Jose Maria Vallejo Alvarez, a Spaniard, got off the plane in Lisbon.

The wreckage of the plane had been found by Luis Valero Bermejo, civil governor of Avila province.

Bermejo fixed the time of the crash at 12 noon (Pottstown time) yesterday. At that time the airliner had flown a half-hour beyond its scheduled landing time at the Barajas airport in Madrid.

The plane had been out of radio contact with both Lisbon and Madrid for almost an hour before the accident occurred.

In his last message to the Madrid airport the pilot had asked permission to fly at a lower altitude—presumably because of adverse weather conditions. He was told that his altitude was not controlled in Spain.

British Fail to Reach Agreement On Remedy for Palestine Crisis

LONDON, Feb. 6 (AP)—The British cabinet was split on a solution to the critical Palestine problem, authoritative sources said, but hoped to present completed proposals to Arab and Jewish representatives here by tomorrow.

Foreign Secretary Ernest Bevin and Colonial Secretary Arthur Creech Jones were reported at odds over the formula for the Holy Land as the cabinet met for the third successive day on the problem, but government sources said the two cabinet ministers were ready now to convey "many agreed aspects" of a compromise to Jewish agency leaders.

The Jewish representatives were summoned to an unscheduled conference tonight and another cabinet session was announced for tomorrow.

Emerging from the conference, Jewish agency political chief Moshe Shertok was asked if Bevin and Creech Jones had conveyed any of their compromise proposals. He replied that "we were allowed to see none of the features of the British government's newest 'born child'."

Government sources said Shertok in the conference discounted talk of a possible Holy Arab war against Britain in the event of a partitioned Palestine. Smiling, as he left the two-hour conference, Shertok said "This is a war of nerves."

Creech Jones' compromise formula would partition Palestine within five years, with the Arabs and Jews having

Amendment Putting Limit on Presidency Approved by House

WASHINGTON, Feb. 6 (AP)—A Constitutional amendment which would limit a President to two terms A prime Republican objective was passed by the House today by the necessary two-thirds margin and then some.

The vote was 285 to 121. Every Republican on the floor voted for it, and 47 Democrats joined them.

The proposal now goes to the Senate, where a judiciary subcommittee already has started hearings on the question. It must pass there by a two-thirds majority, too, before it can be submitted to the states.

Then, before it becomes a part of the constitution, it must be ratified by at least 36 states through their legislatures or by state constitutional conventions, whichever the states decide. The states have seven years in which to act.

A brief resolution in keeping with the announced program of the Republican House steering committee, the proposed amendment would prevent any person from serving more than two terms or parts of terms. "Since it does not change the present four-year term, it fixes a maximum tenure of eight years for any White House occupant."

In some cases the tenure would be less, since a vice president succeeding to the Presidency to fill a vacancy would have served part of a term and could not serve more than one term.

For example, President Truman would be eligible for only one more four-year term if the amendment is ratified by the states before he leaves office, since he now is serving an unexpired term.

Before sending the resolution to the Senate, the House rejected amendments to limit the tenure to a single six-year term and to require state ratification by constitutional conventions rather than by legislatures.

Although Republicans insisted a position was involved, Democrats repeatedly brought into the debate the name of the late President Roosevelt.

Without mentioning Roosevelt by name, Democratic Leader Burnham of Texas urged Republicans to "wait a little while and cool off" before advocating a "fundamental (Continued on Last Page)

Plan Housing Fele For New Apparatus

The Empire Hook and Ladder company last night appointed a five-man committee which will meet with similar committees from the other Pottstown fire companies in the near future to arrange for the joint celebration of housing of new equipment by all three.

The celebration will not take place until the Good Will Fire company gets a new pumper it is expecting.

It will officially house this new apparatus in addition to the ladder truck the Hooks got several years ago and the new pumper the Philadelphia Steam Fire Engine company acquired the past Sunday.

The committee's members are Richard Moser, chairman, Paul Russell, Raymond Andre, Willis Tholan and James Orr.

No date has been set for the first meeting of the three committees. 75 members attended last night's meeting.

ELKS MORTGAGE BURNED AS 400 VIEW CEREMONY

High State and National Officers of Lodge Speak At Opening of Celebration

They set the torch to more than \$60,000 worth of mortgages and promissory notes at the Elks' home last night in the formal opening of the three-day 45th anniversary and mortgage burning celebration of the Pottstown Elks Lodge No. 83.

Competing what most of last night's speakers said they "hadn't expected to see in our time," a ceremonious blaze engulfed two mortgages and a handful of notes, while more than 400 members and guests stood and sang Auld Lang Syne.

The long-awaited burning ceremony followed a multi-course banquet which was interspersed with community singing, fine food and heavy cigars.

Shortly after festivities began S. Paul Seiders, chairman of the mortgage burning committee, told the members, "We are now in our own home... no financial or other obligations being owed to anyone."

The first mortgage of \$32,000, the second of \$20,000 and the notes comprising the remainder of the \$62,000 debt, which the local lodge has paid off since 1935, were lit with an ordinary match but in a brilliantly, sizzling torch cup. The heat of the blaze was too strong for the receptive, however, and the cup split three ways, scattering ashes on the speakers' table.

Remarks from local officers, as the flames died, were many but varied. Albert J. Kochel, president of the Elks' Home association, told the audience that "many of us didn't expect to live long enough to see that flame... Miracles do happen."

William F. Heller Jr., exalted ruler of the Pottstown lodge, remarked that "our celebrating of this occasion is far from over. Next year we'll have to have a re-dedicating ceremony."

Members of the mortgage burning committee were Seiders, Charles E. Bess, John G. Ludwick, Dr. D. Hunter Klink, Abraham N. Derstine, Heller, R. Frank Christman, Leonard A. Blitwin, Walter S. Zimmerman. (Continued on Page Twelve)

Cold Snap Ends As Mercury Hits 27-Degree High

Toes thawed out, noses resumed their normal hues and chains started to come off tires yesterday as the temperatures rose steadily throughout the day to a high of 27 degrees and a warm sun beamed most of the day.

At 8:30 o'clock yesterday morning the mercury registered only nine but thereafter it climbed rapidly until it hit 27 at 4:30 p. m. and leveled off there.

The weatherman warns that the fight between winter and the citizens is not over yet, however. The bell for round two sounds today with a forecast for "cloudy, windy and colder tonight."

So don't throw away your gloves! The weatherman has further predicted that winter may uncork its Sunday punch on exactly that day when the "granddaddy" cold wave of the season is due to reach here from Chicago and points north.

Temperatures of more than 30 below are expected in Minnesota and the Dakotas by Saturday morning, he reported.

Many motorists, particularly those who used only the outlying highways and main streets, could strip off their tire chains yesterday as ice all but disappeared on these thoroughfares.

Workers' Scaffold At Church Is Set Afire by Oil Heater

An unintended oil heater under a canvas tarpaulin at the St. James Lutheran church, High and Price streets, caused a blaze which sent fire apparatus racing to the scene at 11:20 o'clock yesterday morning.

The heater was on the top level of a scaffold from which workmen were painting and renovating the exterior of the church. Unattended for a moment, the wind swept the flames into the canvas and the wooden structure.

Prompt action by the Rev. Paul G. Scheier, pastor of St. John's Reformed church, who telephoned the alarm, and by one of the workmen, who turned in an alarm from the box at High and Keim streets, brought fire apparatus from the Good Will, the Empire Hook and Ladder company, and the emergency truck from the Philadelphia Steam Fire Engine company, racing to the blaze.

A booster stream was used to extinguish the flames which burned away the upper supports of the scaffold but left the church practically untouched.

Fire Chief Richard E. Lindauer said he did not believe he would turn in a damage report as the damage to the church was so slight. Some paint was blistered on part of one window frame and the stone above the scaffold was blackened by smoke.

Famed Tenor to Appear On Stage Here Tonight

Christopher Lynch, talented singer who has been scoring sensational successes on the concert stage and radio, is the attraction at tonight's community concert to be held in the Senior High school auditorium.

Doors will open at 8 o'clock and the program will open at 9 o'clock for the accommodation of patrons who are employed in stores.

Lynch, who has been hailed as "the successor of the late John McCormack, famous Irish tenor," will be heard in a varied program.

Traffic Signals, New Police Car To Be Discussed by Committee

New traffic signals, purchase of a new police car and other measures for the protection of the general public will be discussed at a meeting of the police committee of borough council to be held Monday night at 7:30 o'clock at borough hall. Councilman Leo Spaar, of the Fourth ward, is chairman of the committee.

Borough Manager Dow I. Sears stated that the committee will act on the purchase of a new police car, which are provided for in the 1947 borough budget. Sears said signals will be placed at King and Hanover streets, King and Charlotte streets, High and Evans streets and High and Adams streets. The location of the fifth signal device will be decided upon later he said.

The committee also will act on the purchase of a new police car. The committee recommends the trading in of a police car each year.

Sears said two leading zones on High street approved at this week's meeting of borough council will be painted in a day or so. One of the zones is in front of 315 High street and the other at 254 High street.

The placing of new parking meters on High street between Evans and Washington streets was a measure to relieve congestion, Sears said. These metered spaces are being used more and more daily. They are preventing double parking farther west on the main street.

Complaints have been made to the police that some motorists are disobeying the one-way rule on South Charlotte street. Traffic should move only southward, according to the signs, but some motorists are causing congestion by driving cars northward.

Indian Guides Chapter Formed By Group of Fathers and Sons

Father and Son "Y" Indian Guides gathered around the council fire for the first time last night in the club's inaugural meeting, passed out headbands to members and chose Indian names for four of the five pairs of fathers and sons present.

The Guides, an offshoot of the boy's work committee of the YMCA, numbers nine couples of fathers and sons altogether. Hosts at the meeting last night were Robert D. Smith and his son, Jack, of 1316 South street.

Manuals with information on how to conduct the meetings were passed out to the fathers.

It was announced that the charter for the organization and induction of all fathers and sons would take place April 3.

In the meantime, the club plans an outing for each month. The first of these will be the Father

and Son show in the High school auditorium March 1.

Last night the Guides were to choose a name for their chapter.

A snag came, however, when most of the boys chose "Manatoway" to be the title. It was pointed out that other organizations in Pottstown also bear that name and it would tend to be confusing. At the next meeting on March 6 the name will be selected.

At that time all members will be given Indian names. Four fathers and sons received them last night. They are: Jack and father, Robert D. Smith, Little and Big Black Hawk; Jimmy and father, J. Max Creswell, Little and Big Thunder Hawk; Bobby and Willard Grow, Little and Big Iron Horse; George Jr. and George Jacobs Sr., Little and Big Sitting Bull.

The sons' ages range from eight to ten.

Benzol Blast Rips Up Mile of City's Street

TERRE HAUTE, Ind., Feb. 6 (P)—A benzol explosion that ripped up a mile of Hulman street today in Terre Haute's south side caused property damage estimated at \$150,000 tonight.

No injuries have been reported.

British Fail to Reach Agreement On Remedy for Palestine Crisis

LONDON, Feb. 6 (P)—The British cabinet was split on a solution to the critical Palestine problem, authoritative sources said, but hoped to present completed proposals to Arab and Jewish representatives here by tomorrow.

Foreign Secretary Ernest Bevin and Colonial Secretary Arthur Creech Jones were reported at odds over the formula for the Holy Land as the cabinet met for the third successive day on the problem, but government sources said the two cabinet ministers were ready now to convey "many agreed aspects" of a compromise to Jewish agency leaders.

The Jewish representatives were summoned to an unscheduled conference tonight and another cabinet session was announced for tomorrow.

Emerging from the conference, Jewish agency political chief Moshe Shertok was asked if Bevin and Creech Jones had conveyed any of their compromise proposals. He replied that "we were allowed to see none of the features of the British government's newest unborn child."

Government sources said Shertok in the conference discounted the possibility of a Holy Arab war against Britain in the event of a partitioned Palestine. Smiling as he left the two-hour conference, Shertok said "This is a war of nerves."

Creech Jones' compromise formula would partition Palestine within five years, with the Arabs and Jews having the right to secede at the end of the period, informed sources said.

Bevin, said by some government sources to be "fearful of a holy Arab war against Britain," was opposing these details in Creech Jones' plan. The foreign secretary's view, which the informants said was supported by Prime Minister Attlee and Defense Minister A. V. Alexander, was that a settlement should not go beyond a modified version of the Morrison plan.

R. H. S. Crossman, young labor legislator who led the House of Commons revolt against Bevin's foreign policy the past Fall, described Creech Jones' plan as "partition on the installment system" and as having an excellent chance of success if adopted.

When an automobile skidded on the icy roadway in descending the steep Pool Hill road at 7 o'clock last night, one person was injured and two other occupants of the car escaped injury.

Mary Feight, 15, of Rattlesnake Hill on Pool Hill road, suffered cuts of the head and brush burns of the body. She was treated at Homeopathic hospital and discharged.

The car was being operated by Albert Feight, 19, who was proceeding down the steep hill toward the Pottstown-Pine Forge road. The car skidded at a turn and upset. His sisters, Frances, 17, and Mary, were in the car. The driver and Frances escaped with bruises. The car was badly damaged.

Occupants of the car who had planned to go to Pottstown when the crash occurred are children of Mr. and Mrs. Raymond H. Feight.

WASHINGTON, Feb. 6 (P)—A Constitutional amendment which would limit a President to two terms—a prime Republican objective—was passed by the House today by the necessary two-thirds margin and then sent to the Senate.

The vote was 285 to 121. Every Republican on the floor voted for it, and 47 Democrats joined them.

The proposal now goes to the Senate, where a judiciary subcommittee already has started hearings on the question. It must pass there by a two-thirds majority, too, before it can be submitted to the states.

Then, before it becomes a part of the constitution, it must be ratified by at least 33 states through their legislatures or by state constitutional conventions, whichever the states decide. The states have seven years in which to act.

A brief resolution in keeping with the announced program of the Republican House steering committee, the proposed amendment would prevent any person from serving more than two terms or parts of terms. Since it does not change the present four-year term, it fixes a maximum tenure of eight years for any White House occupant.

In some cases the tenure would be less, since a vice president succeeding to the Presidency to fill a vacancy would have served part of a term and could not serve more than one more.

For example, President Truman would be eligible for only one more four-year term if the amendment is ratified by the states before he leaves office, since he now is serving an unexpired term.

Before sending the resolution to the Senate, the House rejected amendments to limit the tenure to a single six-year term and to require state ratification by constitutional conventions rather than by legislatures.

Although Republicans insisted that no politics was involved, Democrats repeatedly brought into the debate the name of the late President Roosevelt.

Without mentioning Roosevelt by name, Democratic Leader Rayburn of Texas urged Republicans to "wait a little while and cool off" before advocating a "fundamental and bold" amendment.

Increased State Corporate Income Tax Sought by Merchants and Labor Leaders

HARRISBURG, Feb. 6 (P)—Pennsylvania merchants and labor leaders proposed to Governor Duff today that the Commonwealth's corporate net income tax be increased if additional revenue is needed by the state.

The group at the same time voiced its opposition to enactment of any general sales tax on the

grounds it would "retard sales, thus creating unemployment."

The delegation headed by Albert Coons, of Lebanon, vice president of the Pennsylvania Retailers association, conferred with the governor for nearly an hour to present its viewpoint and to hear the governor.

Coons said the group obtained no commitments from Duff, "nor had we requested any." He also withheld comment on the governor's reaction to the delegation's tax proposal.

The first suggestion for a two percent sales tax came from the executive committee of the

General Assembly's school commission the past December as a possible means of meeting increased education costs.

Duff so far has made no public comments on the sales levy nor any other taxes although he has reiterated the Commonwealth faces a \$70,000,000 deficit in the next two years without any new services because of increased costs and declining tax receipts.

"Unusual as it may seem," Coons said in a statement following the conference, "we are here in a constructive and unselfish mood."

"Conceding the need for additional revenues in Pennsylvania, we are willing to suggest, among other plans, the inclusion of an increase of the State corporate income tax in order to avoid increasing the tax burden of the 10,000,000 residents of Pennsylvania."

The corporation net income levy, first enacted during the depression as an emergency tax for relief grants, has been continued every two years by the Legislature. "The present law expires May 31 unless it is re-enacted by the General Assembly."

Coons said merchants and labor leaders "are confident a substitute method for a sales tax can be found to raise the needed revenue without so vitally affecting the people in lower income brackets and retarding sales at a time when reconversion is so important."

At the same time, he added the delegation was "strongly in favor of fair salaries for all those in the teaching profession, and we also recognize the Commonwealth's obligations to make funds available for proper facilities for our social needs, such as new schools, hospitals and other buildings."

Noting Pennsylvania has made great progress without a sales tax, Coons said such a levy "is in-

flationary in character" and "we must avoid any measure" which will slow up distribution of goods to consumers by retailers.

"We must keep consumption at the highest possible level," he added.

In addition to Coons, others in the delegation were: George L. Stearns, Williamsport, vice president, and John E. Means, managing director, Pennsylvania Retailers association; Maj. Oliver Kaufmann, Henry Pulton and Col. Wilmer Jacoby, all Pittsburgh; and Harold W. Brightman, Arthur C. Kaufmann and Carl Russell, all Philadelphia; and James McDevitt, president of the Pennsylvania Federation of Labor, and Herbert Moyer, secretary of the Philadelphia Industrial Union council.

Ice and Snow Linger

To the Editor: Well, it's the same old story. Snow falls and most householders don't clear the sidewalks although there is a police ruling that sidewalks must be cleared within 12 hours.

The police are too busy watching automobiles that might be overpacked for a few minutes that they can't see women and old persons, many of them with babies, risking their lives on icy pavements. Just watch some of these people the way they have to get around.

Just as police put tags on automobiles, couldn't they tag a house where the snow hadn't been removed? Print on the tag that the householder is required to clear off his pavement within 12 hours after the tag is placed or be subject to arrest.

It seems too bad that people won't think enough of their neighbors to clear the sidewalks. It would mean so little to each householder but how wonderful it would be if all the pavements in Pottstown were cleared!

Washington

By RAY TUCKER

WASHINGTON, Feb. 6.—Despite Philip Murray's coy reception of William Green's blunt proposal that the CIO and the AF of L join forces to present a united front against anti-labor legislation on Capitol Hill, it is expected that these two union organizations soon will merge under the leadership of John L. Lewis of the United Mine Workers.

Under the arrangement which representatives of the three leaders have discussed in detail within the last few months, the elderly Lewis, Murray and Green, would retire on fairly generous pensions. Lewis then would be permitted to realize his lifelong ambition of becoming the head of a labor group with a membership of approximately 15,000,000 men and women.

Since other labor organizations having an enrollment of approximately 2,000,000 normally cooperate with the American Federation of Labor, the merger would mean that the combined labor forces would total almost 16,000,000 people, the greatest single aggregation of workers in world history.

Lewis, who will be 67 years old next Wednesday, will probably hold office until he is 70, and then retire under the same terms as Green and Murray, which will give him a pension of approximately \$15,000 annually.

GRACE: The inside story of the merger negotiations suggest that Green tried to outmaneuver Murray when he made public his Miami invitation to the CIO to return to the fold. It was a definite attempt to force the Scott's hand.

Friends of the two men have been discussing a merger for several months at Washington, Pittsburgh and New York. Murray, however, objected to a hard-and-fast tie-up, for he figured that it would be interpreted as a reflection on his leadership.

He also wanted to obtain new wage agreements with such mass industries as steel, automobile and textiles while he remained as head of the CIO. He felt that he could join up with better grace after these victories.

Green, however, knew that many key CIO organizations were eager to unite with the AF of L before Congress begins to write or rewrite any labor legislation at the present session. They believe that the opposition of one single union with a membership of almost 15,000,000 would act as a deterrent to the GOP high command.

It was with these facts in mind that the AF of L president publicized his offer, hoping to force the trend and compelling Mr. Murray to reach an immediate decision.

TRIM: The Army's new financial boss on Capitol Hill—Representative Albert J. Engel, of Muskegon, Mich.—believes that he can trim about a billion dollars from the funds allocated to the military in the Presidential budget. As chairman of the Appropriations Subcommittee handling this question, the former accountant will have a decisive voice in this matter.

His expertise and familiarity with war finances is recognized by his colleagues ever since his own man investigation of camp construction costs in 1911 and 1942 forced a complete revision of contract arrangements. Although the "brass" resented his interference at the time, they grudgingly admit that his recommendations saved billions of dollars for the government.

Engel is a leading advocate of a strong national defense system, but he learned from his earlier inquiry that the average officer is not a thrifty or good businessman. As the Muskegon legislator puts it, "he figures that money grows on trees instead of coming from the pockets of the taxpayers."

No Representation

POTTSTOWN'S Eighth Ward is in the same boat as the Colonies were before the Revolutionary War. The Eighth Ward is being taxed without representation — or with only half representation!

While every other Pottstown ward has two representatives—hard-working, interested representatives—within its boundaries, the Eighth Ward has one councilman living in Pottstown. The other councilman is in Chicago!

There was a "pledge," when that councilman went to Chicago early in January, that he would be back to attend council meetings. Two such meetings have been held this year. He was at neither.

Even though he did attend meetings, it's hard to understand how he'd know the wishes of his constituents.

It is astonishing that Pottstown borough council allows such a condition to exist. It is astonishing that council doesn't declare the seat vacant and name a new member from the Eighth Ward. Certainly there are many intelligent persons from that ward willing to serve.

Dr. De Forest's Child

DR. LEE DE FOREST, who made possible the modern radio with his invention of the audion tube, does not like the use to which his discovery is being put. In a letter to the National Association of Broadcasters, Dr. De Forest, now 73, says:

What have you done with my child? He was conceived as a potent instrument for culture, fine music, the uplifting of America's mass intelligence. You have debased this child. You have sent him out on the streets in rags of ragtime, tatters of five . . .

You have made him a laughing stock of intelligence; you have cut time into tiny cubelets wherewith the occasionally fip program is periodically smeared with impudent insistence to buy or try.

This child of mine has been resolutely kept to the average intelligence of 13 years as though you and your sponsors believe the majority of listeners have only moron minds . . . The curse of his commercials has grown consistently more cursed, year by year.

Dr. De Forest is not the first scientist to see his invention used below its true value or put to wrong uses, but few have expressed their complaint more effectively.

Profits and Wages

LAST year our total national income, according to preliminary figures from the department of commerce, was \$164 billion. That is the total amount earned by individuals or businesses in the production of goods and services.

Labor got, in the form of wages and salaries, 68 percent of this, or about \$109 billion.

Corporations got \$12 billion in the form of profits.

Suppose all \$12 billion had gone instead to employees in the form of additional wages and salaries—and the stockholders had been paid nothing on the money they had invested and corporations had put away nothing to use later in expanding their businesses.

That would have raised the wage-salary share of the national income from \$109 billion to \$121 billion, or only 11 percent.

And yet Robert Nathan contends that corporations as a whole can afford to give a part, not all, of their profits to labor and so raise wages 25 percent without raising prices!

What Makes Men and Rats Mad

EXTREME irritability results from insufficient sleep, according to a research on rats by Drs. Marion E. Bunch and J. C. R. Licklider at Washington university. One hesitates to question the psychological doctors, but haven't they hitched effect ahead of cause?

The rats, so one would think, were irritable because a couple of men irritated them. And human beings are irritable because of unpleasant stimuli like alarm clocks and back-sappings Monday morning by those nearby souls who start off the day with ice-cold showers. As an easier hypothesis, it is not so much lack of sleep that causes irritability as irritations that cause lack of sleep.

The proof is that the rats would have dropped contentedly off if the doctors had quit pestering them. The same for man and the alarm clock.

INTERPRETING THE NEWS

Military Maneuvers
Proceeding in China

By JAMES D. WHITE
(Associated Press Staff Writer)

A WAR of maneuver is emerging in China, with fairly clear military objectives.

Aims become clear when you study the way the picture has developed.

After V-J Day and after it became plain to militarists on both sides that truces and mediation were not working, the generals took certain steps.

First, government armies concentrated on all of China south of the Yangtze valley. Restoration of the Canton-Hankow railway the past summer marked the success of this program. It also involved getting the Communist new fourth army out of the Yangtze valley. As the Communists probably considered their position there untenable, this was accomplished fairly easily.

The Communists used these new fourth army forces to strengthen a strategic belt of territory already established by the eighth route army north of the vital east-west Lunghai railway. This belt stretches eastward from the main Communist base at Yenan, in northwest China, through Shensi, southern Shansi, northern Honan, South Hopei and Shantung provinces.

At the same time the Communists gained control of nearly all Manchuria.

These two zones threatened to merge and engulf North China, but partly with American airplanes and sea transport, the government established a wedge in the going-Tientsin area, along the coast of the Gulf to Chihai, and up into Manchuria.

During the past year this wedge has been greatly expanded, first to the West through Inner Mongolia, and later across southern Manchuria to the Korean border.

The Communists, however, still hold that belt across China to the sea, dividing north China and Manchuria from South and central China except for air and sea transport.

To remove this belt, the government naturally must drive along the north-south railway lines—the ones leading to Peking and Tientsin.

The past week Generalissimo Chiang Kai-shek visited frontal field headquarters on both these lines. There is indication that his armies will try to recapture both of them.

The Communists are massing troops along the sections they hold, their strategic belt and their Shantung forces are at stake.

The Worry Clinic

By DR. GEORGE W. CRANE

KATHLEEN W., 37, is president of a women's club.

"Dr. Crane, how can we women keep from getting into a mental rut?" she inquired. "We try to have a series of educational meetings, led first by one member or another.

"Sometimes we endeavor to import a good speaker from outside, and then invite our husbands to attend. The evening is usually a success, but it seems to me we should have a dozen or more of these affairs each season.

"We cannot afford to import outstanding speakers more than once a year. Can you offer any advice on how to meet this problem?"

It is a very fine thing that women do in the churches and civic clubs when they keep studying or thinking about new ideas for improving the happiness and culture of their communities.

I heartily endorse all such groups, for most people spend only 10 or 12 years in school, and then for their final 50 years have no further contact with informative things, except by such clubs, their newspapers, the church, and to a lesser extent the magazines or radio.

Here are a few suggestions. When a city has evening university classes, why not get a band of congenial married folk to enroll in some interesting class en masse, and attend together one night per week?

Here in Chicago I have started several groups to do this very thing. They have more fun going to college and mingling with other students than if I went out to their suburb and gave them a talk. Besides, it is cheaper for them.

If your club doesn't have evening college classes, or an extension department of your State university why not get your group to attend classes in a neighboring university night school and make a mark of this one evening? You can easily drive 50 miles to class and few cities are farther than that from a college.

To keep young and fascinating, you owe it to yourself to spend a little money doing things out of the ordinary. Things that other people don't do.

And getting out of your home community, or city, for one night per week, gives you a new perspective. You feel more dashing and dynamic.

Many of my students at Northwestern would take the train or drive down to my evening classes from as far as 75 miles away. It is really fun for groups. Charge off the cost to cosmetic improvement, for you'll act and look younger.

And don't worry if you haven't been graduated from high school. Most college courses don't depend on previous high school work. You intelligent readers can carry a psychology course, for example, without ever having graduated from grammar school.

The time is soon coming when most progressive colleges are going to waive all entrance requirements, anyway, except an intelligence test and the ability to read English fluently.

Another plan that is often effective is to schedule a series of talks by different types of local professional men. Schedule a physician, a dentist, a lawyer, a minister, a factory superintendent, the police chief, your editor, and others.

Don't pick out the oldest or most distinguished men, but select those who can give you snappy, entertaining addresses. They'll give you a better talk, too, knowing that they are in a parade of various professions. The speaker usually likes a little competition and you'll profit more from such a plan.

Life is so interesting and thrilling right now, as it is lived in your town, that you ought not spend all your study on past writers and conditions. Study current problems. Live today and be young.

(Always write to Dr. Crane in care of The Mercury, enclosing a long C stamped, addressed envelope and a dime to cover typing or printing costs when you send for one of his psychological charts.)

Under the arrangement which representatives of the three leaders have discussed in detail within the last few months, the elderly Lewis, Murray and Green, would retire on fairly generous pensions. Lewis then would be permitted to realize his lifelong ambition of becoming the head of a labor group with a membership of approximately 15,000,000 men and women.

Lewis, who will be 67 years old next Wednesday, will probably hold office until he is 70, and then retire under the same terms as Green and Murray, which will give him a pension of approximately \$15,000 annually.

GRACE: The inside story of the merger negotiations suggest that Green tried to outmaneuver Murray when he made public his Miami invitation to the CIO to return to the fold. It was a definite attempt to force the Scott's hand.

Friends of the two men have been discussing a merger for several months at Washington, Pittsburgh and New York. Murray, however, objected to a hard-and-fast tie-up, for he figured that it would be interpreted as a reflection on his leadership.

He also wanted to obtain new wage agreements with such mass industries as steel, automobile and textiles while he remained as head of the CIO. He felt that he could join up with better grace after these victories.

They believe that the opposition of one single union with a membership of almost 15,000,000 would act as a deterrent to the GOP high command.

It was with these facts in mind that the AF of L president publicized his offer, hoping to force the trend and compelling Mr. Murray to reach an immediate decision.

TRIM: The Army's new financial boss on Capitol Hill—Representative Albert J. LET US NOT FORGET!

In Hollywood

By JIMMIE FIDLER

HOLLYWOOD, Feb. 6.—If I were a sociologist, I'd try to discover the answers to several questions that excite my layman's curiosity. Why is it that entertainers have become the highest-paid workers on earth? What implications are contained within that really astounding fact? What portent does it offer regarding the future progress of civilization?

Salaries of \$100,000, or more, per picture are too common a place, here in Hollywood, to excite comment. Studios think nothing of paying from \$50,000 to \$250,000 for the screen rights to escapee novels and stage plays the authors of which, writing merely to entertain, must certainly be classed as entertainers. Night club stars like the Ritz Brothers, Martha Raye and Tony Martin average a fabulous \$5000 a week. Stage salaries, still smaller than those paid in movies, nevertheless have a new all-time high. Baseball stars command salaries of \$50,000 a year, or better. Outstanding pro football players become wealthy in three or four seasons of play. Sonja Henie's earnings from her ice show now total millions. Radio performers—singers, gagsters, dramatic stars—draw down wages that can be equaled by few great industrialists.

I'm not contending that the bull market on entertainment is unhealthy. I'm merely asking questions—throwing out facts, surmises to me, for consideration. Of course, it all hinges on the willingness of John and Jane Public to pay. Maybe it's proof that they're putting emphasis on the wrong things, maybe they'd be wiser to spend their money for purchases of more lasting worth. Perhaps for better schools, better teachers, better laboratories, better housing and better books. But certainly they're better off spending it for entertainment than they were, during the past 15 years, squandering it on more deadly guns.

With a steady procession of newspaper reporters, magazine writers and columnists clamoring to interview Laraine Day about her sensational divorce and remarriage, the director of her current picture, "Tycoon," ordered the set closed to all visitors. Some of the would-be interviewers, considering their rights trespassed upon, stormed to the front office to complain. Others, choosing more direct methods, sought the director, Richard Wallace, in the commissary and filed irate protests. But the only reporter who won entrance was the wit who contented himself with a single, humorous complaint. He sent Wallace a copy of the screwball song hit, "Open the Door, Richard."

Musicals made in France traditionally have shown chorines in the scantiest of costumes. "Golden Silence," just completed in a rebuilt studio near once gay Paris, violates that tradition, but not because its producers intended to do so. The original script specified the briefest costumes the law would allow. A French costume designer, the scanties, and the girls donned them and trouped to the set. But the coal shortage proved more effective in enforcing modesty in France than the Johnston Office

No Representation
POTTSTOWN'S Eighth Ward is in the same
boat as the Colonies were before the
Revolutionary War. The Eighth Ward is
being taxed without representation — or with
only half representation!

While every other Pottstown ward has two
representatives—hard-working, interested rep-
resentatives—within its boundaries, the Eighth
Ward has one councilman living in Pottstown.
The other councilman is in Chicago!

There was a 'pledge, when that council-
man went to Chicago early in January, that
he would be back to attend council meetings.
Two such meetings have been held this year.
He was at neither.

Even though he did attend meetings, it's
hard to understand how he'd know the wishes
of his constituents.

It is astonishing that Pottstown borough
council allows such a condition to exist. It is
astonishing that council doesn't declare the
seat vacant and name a new member from the
Eighth Ward. Certainly there are many
intelligent persons from that ward willing to
serve.

Dr. De Forest's Child

DR. LEE DE FOREST, who made possible the
modern radio with his invention of the
audion tube, does not like the use to which
his discovery is being put. In a letter to the
National Association of Broadcasters, Dr. De
Forest, now 73, says:

What have you done with my child?
He was conceived as a potent instrument for
culture, fine music, the uplifting of
America's mass intelligence. You have de-
based this child. You have sent him out
on the streets in rags of ragtime, tatters
of five . . .

You have made him a laughing stock
of intelligence; you have cut time into
tiny cubelets wherewith the occasionally
fine program is periodically smeared with
impudent insistence to buy or try.

This child of mine has been resolutely
kept to the average intelligence of 13
years as though you and your sponsors
believe the majority of listeners have only
moron minds . . . The curse of his com-
mercials has grown consistently more
debased, year by year.

Dr. De Forest is not the first scientist to
see his invention used below its true value or
put to wrong uses, but few have expressed
their complaint more effectively.

Profits and Wages

LAST year our total national income, accord-
ing to preliminary figures from the de-
partment of commerce, was \$164 billion. That
is the total amount earned by individuals or
businesses in the production of goods and
services.

Labor got, in the form of wages and sal-
aries, 68 percent of this, or about \$109 billion.

Corporations got \$12 billion in the form of
profits.

Suppose all \$12 billion had gone instead to
employees in the form of additional wages and
salaries—and the stockholders had been paid
nothing on the money they had invested and
corporations had put away nothing to use
later in expanding their businesses.

That would have raised the wage-salary
share of the national income from \$109 bil-
lion to \$121 billion, or only 11 percent.

And yet Robert Nathan contends that cor-
porations as a whole can afford to give a
part, not all, of their profits to labor and so
raise wages 25 percent without raising prices!

What Makes Men and Rats Mad

EXTREME irritability results from insufficient
sleep, according to a research on rats by
Dr. Marion E. Bunch and J. C. R. Licklider
at Washington University. One hesitates to
question the psychological doctors, but haven't
they hitched effect ahead of cause?

The rats, so one would think, were irritable
because of a couple of men irritated them. And
human beings are irritable because of un-
pleasant stimuli like alarm clocks and back-
splittings Monday morning by those hearty
souls who start off the day with ice-cold
snowers. As an easier hypothesis, it is not so
much lack of sleep that causes irritability
as irritations that cause lack of sleep.

The proof is that the rats would have
dropped contentedly off if the doctors had
quit pestering them. The same for man and
the alarm clock.

Ice and Snow Linger

To the Editor: Well, it's the same old
story. Snow falls and most householders
didn't clear the sidewalks although there
is a police ruling that sidewalks must be
cleared within 12 hours.

The police are too busy watching auto-
mobiles that might be overparked for a
few minutes that they can't see women
and old persons, many of them with bun-
dles, risking their lives on icy pavements.
Just watch some of these people the way
they have to get around.

Just as police put tags on automobiles,
couldn't they tag a house where the snow
hadn't been removed? Print on the tag
that the householder is required to clear
off his pavement within 12 hours after the
tag is placed or be subject to arrest.

It seems too bad that people won't
think enough of their neighbors to clear
the sidewalks. It would mean so little to
each householder but how wonderful it
would be if all the pavements in Potts-
town were cleared!

Washington

By RAY TUCKER

WASHINGTON, Feb. 6.—Despite Philip
Murray's coy reception of William Green's
blunt proposal that the CIO and the
AF of L join forces to present a united
front against anti-labor legislation on
Capitol Hill, it is ex-
pected that these
two union organiza-
tions soon will
merge under the
leadership of John
L. Lewis of the
United Mine Work-
ers.

Under the ar-
rangement which
representatives of
the three leaders
have discussed in
detail within the
last few months,
the elderly rivals,
Murray and Green,
would retire on
fairly generous
pensions. Lewis
would be per-
mitted to realize
his lifelong ambi-
tion of becoming
the head of a labor
group with a mem-
bership of approxi-
mately 13,500,000
men and women.

Since other labor organizations having
an enrollment of approximately 2,000,000
normally cooperate with the American
Federation of Labor, the merger would
mean that the combined labor forces
would total almost 16,000,000 people, the
greatest single aggregation of workers in
world history.

Lewis, who will be 67 years old next
Wednesday, will probably hold office until
he is 70, and then retire under the
same terms as Green and Murray, which
will give him a pension of approximately
\$15,000 annually.

GRACE: The inside story of the merger
negotiations suggest that Green tried to
outmaneuver Murray when he made public
his Miami invitation to the CIO to return
to the fold. It was a definite attempt to
force the Scot's hand.

Friends of the two men have been
discussing a merger for several months
at Washington, Pittsburgh and New York.
Murray, however, objected to a hard-and-
fast tie-up, for he figured that it would
be interpreted as a reflection on his
leadership.

He also wanted to obtain new wage
agreements with such mass industries
as steel, automobile and textiles while
he remained as head of the CIO. He
felt that he could join up with better
grace after these victories.

Green, however, knew that many key
CIO organizations were eager to unite with
the AF of L before Congress begins to
write or rewrite any labor legislation at
the present session. They believe that
the opposition of one single union with a
membership of almost 14,000,000 would
act as a deterrent to the GOP high
command.

It was with these facts in mind that
the AF of L president publicized his offer,
hoping to force the timid and vacillating
Mr. Murray to reach an immediate
decision.

TRIM: The Army's new financial boss on
Capitol Hill — Representative Albert J.
Engel, of Muskegon, Mich.—believes that
he can trim about a billion dollars from
the funds allocated to the military in the
Presidential budget. As chairman of the
Appropriations Subcommittee handling
this question, the former accountant will
have a decisive voice in this matter.

His expertise and familiarity with
war finances is recognized by his col-
leagues ever since his one-man investi-
gation of camp construction costs in
1941 and 1942 forced a complete re-
vision of contract arrangements. Al-
though the "brass" resented his inter-
ference at the time, they grudgingly
admit that his recommendations saved
billions of dollars for the government.

Engel is a leading advocate of a
strong national defense system, but he
learned from his earlier inquiry that the
average officer is not a thrifty or good
businessman. As the Muskegon legislator
puts it, "he figures that money grows on
trees instead of coming from the pockets
of the taxpayers."

INTERPRETING THE NEWS

Military Maneuvers Proceeding in China

By JAMES D. WHITE
(Associated Press Staff Writer)

A WAR of maneuver is emerging in
China, with fairly clear military ob-
jectives.

Aims become clear when you study the
way the picture has developed.

After V-J Day and after it became
plain to militarists on both sides that
truces and mediation were not working,
the generals took certain steps.

First, government armies concentrated
on all of China south of the Yangtze
valley. Restoration of the Canton-Han-
kow railway the past Summer marked the
success of this program. It also involved
getting the Communist new fourth army
out of the Yangtze valley. As the Com-
munists probably considered their posi-
tion there untenable, this was accom-
plished fairly easily.

The Communists used these new
fourth army forces to strengthen a
strategic belt of territory already
established by the eighth route army
north of the vital east-west Lunghai
railway. This belt stretches eastward
from the main Communist base at
Yenan, in northwest China, through
Shensi, southern Shansi, northern
Hunan, South Hopeh and Shantung
provinces.

At the same time the Communists
gained control of nearly all Manchuria.

These two zones threatened to merge
and engulf North China, but partly with
American airlines and Sea transport, the
government established a wedge in the
peiping-Tientsin area, along the coast of
the gulf to Chihli, and up into Manchuria.

During the past year this wedge has
been greatly expanded, first to the West
through Inner Mongolia, and later across
southern Manchuria to the Korean border.

The Communists, however, still hold that
belt across China to the sea, dividing
north China and Manchuria from South
and central China except for air and
sea transport.

To remove this belt, the government
naturally must drive along the north-
south railway lines—the ones leading to
Peiping and Tientsin.

The past week Generalissimo Chiang
Kai-shek visited frontal field head-quar-
ters on both these lines. There is
indication that his armies will try to re-
capture both of them.

The Communists are massing troops
along the sections they hold; their
strategic belt and their Shantung forces
are at stake.

The Worry Clinic

By DR. GEORGE W. CRANE

KATHLEEN W., 37, is president of a
women's club.

"Dr. Crane, how can we women keep
from getting into a mental rut?" she in-
quired. "We try to have a series of
educational meetings, led first by one
member or another.

"Sometimes we endeavor to import a
good speaker from outside, and then
invite our husbands to attend. The even-
ing is usually a success, but it seems to
me we should have a dozen or more of
these affairs each season.

"We cannot afford to import out-
standing speakers more than once a year.
Can you offer any advice on how to meet
this problem?"

It is a very fine thing that women do
in the churches and civic clubs when
they keep studying or thinking about
new ideas for improving the happiness
and culture of their communities.

I heartily endorse all such groups, for
most people spend only 10 or 12 years in
school, and then for their final 50 years
have no further contact with informative
things, except by such clubs, their news-
paper, the church, and to a lesser extent
the magazines or radio.

Here are a few suggestions. When
a city has evening university classes, why
not get a band of congenial married folk
to enroll in some interesting class en
masse, and attend together one night
per week?

Here in Chicago I have started several
groups to do this very thing. They
have more fun going to college and
mingling with other students than if I
went out to their suburb and gave them a
talk. Besides, it is cheaper for them.

If your city doesn't have evening col-
lege classes or an extension department of
your State university why not get your
group to attend classes in a neighboring
university night school and make a la-
vis of this one evening? You can easily drive
50 miles to class and few cities are farther
than that from a college.

To keep young and fascinating, you
owe it to yourself to spend a little money
doing things out of the ordinary. Things
that other people don't do.

And getting out of your home com-
munity or city for one night per week,
gives you a new perspective. You feel more
dashing and dynamic.

Many of my students at Northwestern
would take the train or drive down to my
evening classes from as far as 75 miles
away. It is really fun for groups. Charge
off the cost to cosmetic improvement, for
you'll act and look younger.

And don't worry if you haven't been
graduated from high school. Most col-
lege courses don't depend on previous
high school work. You intelligent readers
can carry a psychology course, for ex-
ample, without ever having graduated
from grammar school.

The time is soon coming when most
progressive colleges are going to waive all
entrance requirements, anyway, except an
intelligence test and the ability to read
English fluently.

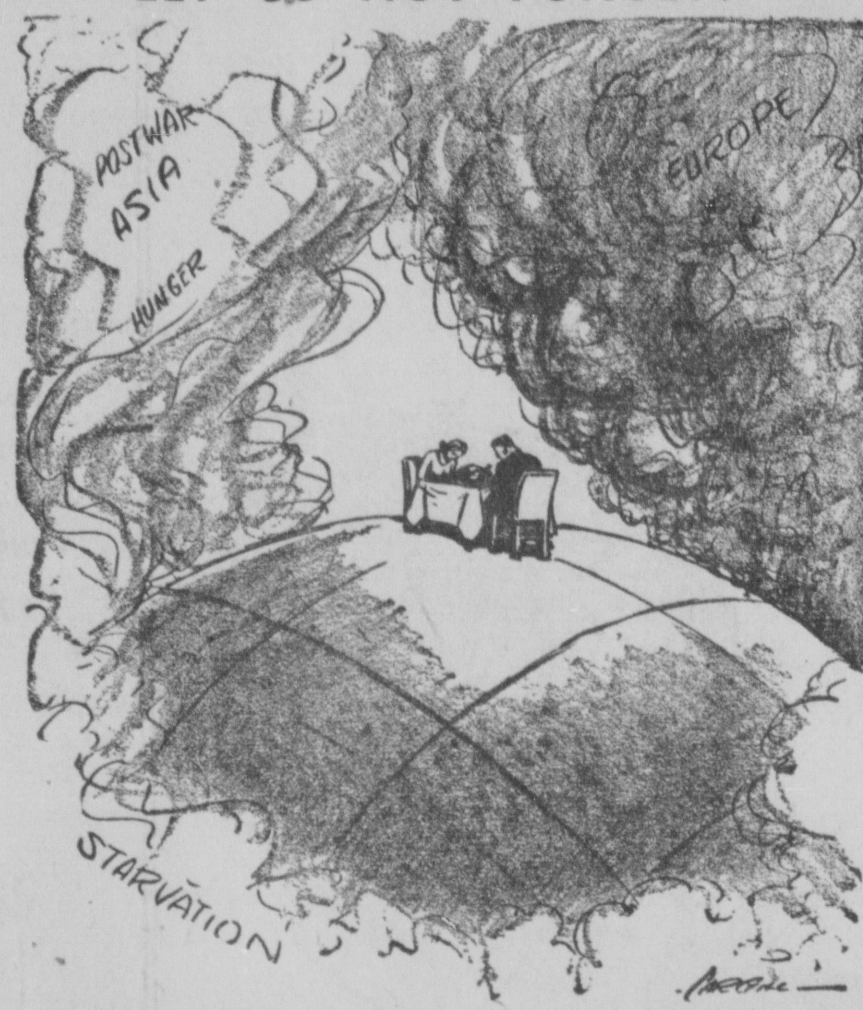

Another plan that is often effective
is to schedule a series of talks by differ-
ent types of local professional men.
Schedule a physician, a dentist, a lawyer,
a minister, a factory superintendent, the
police chief, your editor, and others.

Don't pick out the oldest or most dis-
tinguished men, but select those who can
give you snappy, entertaining addresses.
They'll give you a better talk, too, know-
ing that they are in a parade of various
professions. The speaker usually likes a
little competition and you'll profit more
from such a plan.

Life is so interesting and thrilling
right now, as it is lived in your town,
that you ought not spend all your study
on past writers and conditions. Study
current problems. Live today and be
young.

(Always write to Dr. Crane in care
of The Mercury, enclosing a long 3c
stamp, addressed envelope and a
dime to cover typing or printing costs
when you send for one of his psycho-
logical charts.)

LET US NOT FORGET!

In Hollywood

By JIMMIE FIDLER

HOLLYWOOD, Feb. 6.—If I were
a sociologist, I'd try to discover
the answers to several questions
that excite my layman's curiosity.

Why is it that entertainers have
become the high-
est-paid workers
on earth? What
implications are
contained within
that really aston-
ishing fact? What
portent does it of-
fer regarding the
future progress of
civilization?

Salaries of \$100-
000, or more, per
picture are too
commonplace,
here in Hollywood,
to excite comment.
Studios think
nothing of pay-
ing from \$50,000
to \$250,000 for the
screen rights to escapist novels and
stage plays the authors of which,
writing merely to entertain, must
certainly be classed as entertainers.

Night club stars like the Ritz
Brothers, Martha Raye and Tony
Martin average a fabulous \$5000 a
week. Stage salaries, still smaller
than those paid in movies, never-
theless have hit a new all-time high.
Baseball stars command salaries of
\$50,000 a year, or better. Outstand-
ing pro football players become
wealthy in three or four seasons of
play. Sonja Henie's earnings from
her ice show now total millions.

Radio performers — singers, gas-
ters, dramatic stars — draw down
their money for pictures, and are
great industrialists.

I'm not contending that the bull
market on entertainment is un-
healthy. I'm merely asking ques-
tions—throwing out facts, surprising
to me, for consideration. Of course,
it all hinges on the willingness of
John and Jane Public to pay.

Maybe it's proof that they're putting
emphasis on the wrong things,
maybe they'd be wiser to spend
their money for purchases of more
lasting worth. Perhaps for better
schools, better teachers, better labo-
ratories, better housing and better
books. But certainly they're better
off spending it for entertainment
than they were, during the past 15
years, squandering it on more deadly
guns.

With a steady procession of news-
paper reports of magazine writers
against the spade 3 lead. One
trick there plus three in hearts
and five in clubs, produced it for
him. Note that North at this table
did not stretch of his hand. His
1-Diamond did not raise the level
at all. After South bid 1-No Trump,
North had just about enough for
a sound raise to two, and South
could now try for game without un-
due optimism.

Where North raised the clubs
on the first round, and South then
went to 3-Clubs, it would have been
highly hazardous for North then
to bid 3-Diamonds. If that bid did
not prove the key for South to slip
into 3-No Trumps, it could have
the effect of pushing South beyond
his depth in clubs, to the height
of four. As it developed, South
made exactly 3-Clubs, losing three
in diamonds and one in spades.

The declarer in 3-No Trumps
had no trouble making his game
against the spade 3 lead. One
trick there plus three in hearts
and five in clubs, produced it for
him. Note that North at this table
did not stretch of his hand. His
1-Diamond did not raise the level
at all. After South bid 1-No Trump,
North had just about enough for
a sound raise to two, and South
could now try for game without un-
due optimism.

Pottstown Sketches

By PHILLIPS

"According to this, Carl Dice, we sold a million dollars worth today—
probably a mistake."

In Retrospect

50 Years Ago

LICENSE ISSUED — A marriage
license was issued in Norristown to Wil-
liam Lacey and Sallie Harris, both of
Pottstown.

NEW BUILDING PLANNED — Floyd-
Wells and company, Royersford, an-
nounced plans to erect in the Spring a
five-story building.

RIVER IS HIGH — Because of recent
rains and melting snow the Schuylkill has
risen to eight feet above normal. Several
thousand persons lined the banks to watch
the swollen stream.

WEDDING ANNOUNCED — The mar-
riage of Charles F. Seasholtz and Miss
Katie Gempeling was announced. They
were married at the home of the bride's
parents, Mr. and Mrs. Frank Gempeling,
80 Warren street.

25 Years Ago

February 7, 1922

BARBER DIES — George W. "Baldy"
Smith, barber who boarded at 386 North
Hanover street, fell over dead from a
heart attack while walking in front of
Trinity Reformed church. He was em-
ployed at the barber shop of John Mayer.

GENERAL SHANNON HERE — Brig-
adier General E. C. Shannon visited
Pottstown and inspected Company A. He
was greeted by a large number of World
War veterans and Pottstown Rotarians.
General Shannon was well pleased with
the appearance of the local company.

DEBATING TEAM NAMED — Miss
Catherine Wilde, Miss Hazel Warner,
James High and Agnes Prince were chosen
to represent Pottstown high school in the
Bucks, Montgomery and Chester counties
debating league.

10 Years Ago

February 7, 1937

FLOOD FUND UP — The fund being
raised by The Mercury and the Red Cross
for Ohio valley flood sufferers reached
\$7937. Mrs. George M. Longaker, Red
Cross official in charge, announced. Em-
ployees of the Lincoln and Gudebrod mills
chipped in \$133.20.

PEDESTRIAN STRUCK — Luther
Galloway, 52, 11 Chestnut street, received
a cut scalp when struck by an automobile
on High street opposite the Owls' home.
Galloway was admitted to the Homeo-
pathic hospital.

FIRST FAIR SUNDAY — Today was
Pottstown's first Sunday without rain
or snow during daylight hours on 1937.
At 10:35 p. m. snow began falling but
stopped ten minutes later.

Pruning Exhibition Viewed by 40 at Boyertown Farm

Forty fruit growers and employees attended a pruning demonstration yesterday afternoon at 1:30 o'clock at Boyertown Fruit farms, near Boyertown.

Richard Precon, president of Berks County Horticulture society and host to the demonstration, requested the demonstration as part of a program which will stress during the coming year efficiency and economy in growing a higher grade fruit product.

John E. Ruef, State college extension specialist in orchard management, directed the demonstration and was brought here by Charles S. Adams, county farm agent. It is hoped this meeting will be followed during the coming year by others of interest to fruit growers, including spraying, thinning, harvesting, and other related practices.

Next gathering of the group is the annual Berks County Horticulture society meeting in the Reading Court house, Feb. 27. This meeting will deal with the coming year's spray program and general orchard management suggested by State college extension experts and the county agent.

DEATHS - FUNERALS

Funeral services for JOHN LEISTER, widower of Amanda (Borer) Leister, PERKIOMENVILLE RD. 1, were held yesterday afternoon at 2 o'clock from a funeral home at 124 West Philadelphia avenue, Boyertown.

The Rev. Charles H. Brown, pastor of Keelors Reformed church, Obelisk, officiated. Burial was made in Herstein cemetery, Neiffers.

Bearers were six grandchildren: Harry Dehl, Vernon, Marvin, and Harvey Heimbach; and Frank and Ronald Leister.

Funeral services for WAYLAND M. HAAS, BOYERTOWN RD. 2, who died in Pottstown hospital Wednesday night as a result of a fall from a truck Jan. 11, will be held Monday afternoon at 1:30 o'clock from a funeral home at 124 West Philadelphia avenue, Boyertown.

Further services will be conducted in St. John's (Hill) Reformed church, the Rev. John L. Herber officiating. Burial will be made in adjoining cemetery.

Pig House Destroyed In Englestown Fire

The pig house of the Keitrieder farm at Englestown, a mile from Boyertown, burned to the ground Wednesday morning with damage estimated at \$250.

The owner of the farm was slaughtering pigs in the 11 by 15 foot house when it caught fire, and was demolished before the Friendship Hook and Ladder company could reach the premises.

The fire company under the direction of Jack Stauffer, chief, prevented adjacent buildings from catching.

No livestock was lost in the blaze. It happened at 11 o'clock.

Lions' Club Accepts Registrations for Annual Hobby Show

Registrations for the Lion's club annual hobby show scheduled for March 21 and 22 will be accepted between now and Wednesday, March 5. It was announced last night by LaMar Smith, general chairman of the event.

Smith announced that exhibition spots in the annual show will be available to all registrants regardless of age. Entrants may register with him by card or letter addressed to Box 72 or by phone by calling Boyertown 426-J. Additional registrars for the show is Russell R. Schaeffer, 126 Schaeffer street, phone 277-J.

Smith emphasized that a prize will be awarded to every entrant this year. Sixty-five persons entered hobbies in the exhibit the past year, held in IOOF hall, East Philadelphia avenue.

When the show opens Friday, March 21, local residents will view the hobbyists' work from 7 to 10 p. m., while the following day, the show will be open from 1 to 10 p. m.

In addition to Chairman Smith, other members serving on the committee are Edwin Eisenhart, Richard Precon, Henry Stetler, Henry S. Fulmer, Howard M. Reinert, Daniel B. Landis, Arthur Leibensperger, Howard B. Schanely, Louis J. Lig-nelli, Daniel G. Trout, Charles G. Trout, Frank Salonic, Ray E. Schoffstall, Jack B. Kline, Norman S. Gotwals, and Schaeffer.

Pruning Exhibition Viewed by 40 at Boyertown Farm

Forty fruit growers and employees attended a pruning demonstration yesterday afternoon at 1:30 o'clock at Boyertown Fruit farms, near Boyertown.

Richard Frecon, president of Berks County Horticulture society and host to the demonstration, requested the demonstration as part of a program which will stress during the coming year efficiency and economy in growing a higher grade fruit product.

John E. Ruff, State college extension specialist in orchard management, directed the demonstration and was brought here by Charles S. Adams, county farm agent. It is hoped this meeting will be followed during the coming year by others of interest to fruit growers, including spraying, thinning, harvesting, and other related practices.

Next gathering of the group is the annual Berks County Horticulture society meeting in the Reading Court house, Feb. 27. This meeting will deal with the coming year's spray program and general orchard management suggested by State college extension experts and the county agent.

DEATHS - FUNERALS

Funeral services for JOHN LEISTER, widower of Amanda (Boyer) Leister, PERKIMENVILLE RD 1, were held yesterday afternoon at 2 o'clock from a funeral home at 124 West Philadelphia avenue, Boyertown.

The Rev. Charles H. Brown, pastor of Keelors Reformed church, Obelisk, officiated. Burial was made in Herstein cemetery, Neffers.

Bearers were six grandchildren: Harry Dehl, Vernon, Marvin, and Harvey Heimback; and Frank and Ronald Leister.

Funeral services for WAYLAND M. HAAS, BOYERTOWN RD 2, who died in Pottstown hospital Wednesday night at a result of a fall from a truck Jan. 11, will be held Monday afternoon at 1:30 o'clock from a funeral home at 124 West Philadelphia avenue, Boyertown.

Further services will be conducted in St. John's (Hill) Reformed church, the Rev. John L. Herbster officiating. Burial will be made in adjoining cemetery.

Pig House Destroyed In Englestown Fire

The pig house of the Keifrieder farm at Englestown, a mile from Boyertown, burned to the ground Wednesday morning with damage estimated at \$250.

The owner of the farm was slaughtering pigs in the 11 by 15 foot house when it caught fire and was demolished before the Friendship Hook and Ladder company could reach the premises.

The fire company under the direction of Jack Stauffer, chief, prevented adjacent buildings from catching.

No livestock was lost in the blaze. It happened at 11 o'clock.

POLISH TELEVISION
WARSAW, Poland, Feb. 6 (AP)—The Polish government plans a new experimental television station. Adolf Ruchter, former director of

House Group Hears Reds Turn Deaf Ear To U. S. Note for Lend-Lease Clean-up

WASHINGTON, Feb. 6 (AP)—Difficulties are piling up between the United States and Russia prior to the Moscow foreign ministers conference on Germany.

As Secretary of State Marshall studies the problems coming up at Moscow, officials said today the accumulation of Russian-American differences may considerably influence the course of the meeting.

Chairman W. W. Smith, of the Maritime commission, told the House merchant marine committee, today, the Russians had ignored since the past March 18 American efforts to get them to return 95 lend-lease ships.

American authorities consider deliberately designed to distort American aims and policies.

In Eastern Europe, where many 6. American citizens were caught by the war, the State department has sought to obtain information on individuals and American property. They usually meet with silence on the part of Soviet authorities.

Over and above these specific irritants is the continuing conflict between Russia and the Western powers in the United Nations and in every area where Western leaders consider themselves acting to stop Soviet expansion—as in Eastern Europe, the Middle East, and Spitzbergen.

Some diplomats believe the Russian technique may be to spring a sensational proposal early in the Moscow conference for maximum propaganda effect on the German people. It is considered certain they will drive for a powerful centralized

Here are some other things disturbing good feeling:

1. The Russians have ignored notes asking negotiation of a final lend-lease settlement.
2. Acting in a manner which the United States considered contrary to pledges made at Potsdam and Yalta, the Russians rejected a Washington appeal to join with Britain and America in getting "free and unfettered" elections in Poland. Marshall may seek to bring this up at Moscow.
3. The Russians have ignored an American note urging them and the Chinese to work out arrangements for the withdrawal of Soviet troops from the important port of Dairen and its return to Chinese civilian administration.
4. Authorities here report the Russians constantly ignore requests to send outstanding professors and others to the Soviet Union on cultural missions and cold shoulder invitations for their people to come here.
5. The Moscow press and radio are continually lambasting "American imperialism" and "war mongering" in a manner which

German government and that the United States will fight for a weak one, dependent on a federal system of separate German states.

Even the possibility that the Russians might throw out a demand that the four powers occupying Germany should all evacuate the country and give it back to the Germans in the early future, is not being overlooked by American policy planners, although there is no evidence that any such move will be made.

PROCTER & GAMBLE'S dreft BRINGS YOU FASTER, BRIGHTER, SAFER CLEANING THAN ANY SUDS BEFORE IN HISTORY!

Lingerie
STAYS BRIGHTER AND FRESHER! NO SOAP-FADING!

It's the greatest suds discovery in 2000 years! You'll agree when you see how your lovely lingerie stays so color-bright and fresh far longer when washed with Dreft. There's no film to give that faded look. Dreft's rich suds keep your pretty colored slips, blouses, "undies" brighter and fresher than any soap could ever do.

Stockings
WEAR LONGER! LOOK LOVELIER THAN WITH ANY SOAP!

You'll be delighted at Dreft's gentleness to stockings! Dreft suds leave no soapy film to heavy-up hose and cloud their beauty. Colors stay fresh far longer than with any soap or soap flakes you ever used. What's more—nightly Dreft-washing prolongs stocking life—gives noticeably longer wear.

Dishes Shine—even Without Wiping!

It's a Fact! No soap in the world performs the miracles Dreft performs in your dishpan. It makes dishes shine—even without wiping!

Cuts Grease! Dreft's amazing suds rinse clean and clear—leave no greasy streaks or cloudiness the way all soaps do. Even glasses sparkle and gleam—towel or no towel. And Dreft is kind to hands.

WORKS WONDERS THAT NO SOAP IN THE WORLD CAN MATCH!

- **No Soap-Fading!** Now you can wash your precious stockings, lingerie, woollens—knowing that with Dreft's gentle suds there's no cloudy film to give that faded look!
- **Dishes Shine—Even Without Wiping!** With Dreft's clear-rinsing suds there's no soapy deposit to need wiping or polishing. Dishes and glasses fairly sparkle.
- **Instant Suds—More Suds!** In water hot or cold—soft or hard—Dreft suds billow up instantly. And Dreft suds last so long!

You'll be delighted at Dreft's gentleness to stockings! Dreft suds leave no soapy film to heavy-up hose and cloud their beauty. Colors stay fresh far longer than with any soap or soap flakes you ever used. What's more—nightly Dreft-washing prolongs stocking life—gives noticeably longer wear.

WORKS WONDERS THAT NO SOAP IN THE WORLD CAN MATCH!

- **No Soap-Fading!** Now you can wash your precious stockings, lingerie, woollens—knowing that with Dreft's gentle suds there's no cloudy film to give that faded look!
- **Dishes Shine—Even Without Wiping!** With Dreft's clear-rinsing suds there's no soapy deposit to need wiping or polishing. Dishes and glasses fairly sparkle.
- **Instant Suds—More Suds!** In water hot or cold—soft or hard—Dreft suds billow up instantly. And Dreft suds last so long!

New Woolens

WASH SOFTER, FLUFFIER THAN
EVER BEFORE!

When washed in Dreft suds your precious new woolens are a joy to look at, a delight to feel! No soapy deposit to coarsen woollens and dim their colors. Your lovely new sweaters and baby things wash softer and fluffier than ever before. Yes, softer and fluffier than with expensive soap flakes!

DEATHS and FUNERALS

IRWIN L. KOCH, 74, of 361 SEMINARY AVENUE, PENNSBURG, died Wednesday in the Allentown hospital. He was the husband of the late Leanna W. (Bauerman) Koch.

He was born in Washington township, Berks county, a son of the late Jeremiah and Matilda (Lashaw) Koch. He was a member of Christ's Reformed church, Niantic.

He is survived by two daughters, Mrs. Eva Haas, with whom he lived in Pennsburg, and Mrs. Herbert Bean, of Pottstown; two sons, Wayne, of Bechtelsville, and Leroy, of Pottstown; one sister, Annie Koch, of Pottstown; 13 grandchildren and three great-grandchildren.

Short services will be conducted from a funeral home at 221 Main street, East Greenville, on Saturday afternoon at 1:15 o'clock. Further services will be held in Christ's Reformed church, Niantic, at 2 o'clock with the Rev. W. C. Mantz officiating.

Interment will be in the adjoining cemetery.

ELLEN V. (HUNSEBERGER) GODSHALL, 68, died yesterday afternoon at 2 o'clock at the home of her son and daughter-in-law, Mr. and Mrs. Levern Godshall, of SUMMERTOWN.

She was the wife of the late Henry

HANNEGAN —

(Continued from Page One)

In his speech tonight, Hannegan said that with Mr. Truman, it has never been a question of "right or left" but "only between right and wrong."

"From the course that is best for America as he sees it—and that is the only 'right' that Harry Truman knows—he has never deviated," Hannegan continued. "And he never will."

Despite what he called Republican opposition, he said the President is being proved right on keeping "luxury taxes up, in opposing 'across the board' reduction of individual income taxes, and in calling for continuance of the reciprocal trade program."

Hannegan said many Americans

in the beginning "did not know the abilities of this man who had become President. From the day he took over, voices were raised against him by men long-embittered, men who were blinded by their own narrow political bias. Without waiting for the test of office they spoke in belittlement of his stature."

"They do not do so today. The people of America have learned that Harry Truman wears well. At all times when the good of the country was at stake, they have seen him set an example for these critics by rising above political animosities."

Prize of the local lodge's fête came from State and National Elks' notables who joined in the ceremony last night. Lee Donaldson, past grand exalted ruler of the State association, forwarded congratulations from the more than 75,000 member Elks throughout Pennsylvania.

Elks officials from Reading, Coatesville and Philadelphia were also on hand to offer their congratulations.

Lesing, district deputy, reported on the contributions, both collective and individual, which his constituents members had given toward the Elks' National Foundation.

Charles H. Grakelov, past grand exalted ruler of the State, introduced the guest speaker, John P. Malley of Boston, chairman of the National Foundation.

Malley praised Pennsylvania Elks for having contributed more than ten percent of the foundation's present reserve of \$1,500,000. He outlined the work of the foundation in financing scholarships, tuberculosis and cancer research, and the rehabilitation of crippled children.

Malley told the gathering that "we are now going through the most critical point in our history. Some folks are right, some are left. The Elks Foundation is following only the course of true Americanism."

"Subversive doctrine is preached with success to the underprivileged groups," Malley said. "But," he added, "if we can prove to those groups, by our humanitarian work, that there is love of fellow man, and the will to do good in our land, then few of them will follow the tenets of God-less countries."

A stag party for Elks only will celebrate the second day of the mortgage burning ceremony tonight at 9 o'clock. Members will be entertained by a floor show, and fed with a buffet supper.

American Communist activities; that he was a "figure of primary importance with almost unlimited authority."

Committee Counsel Robert Stripling, who said that Eisler "has been shuttling back and forth" between the Soviet Union and the United States "despite repeated oaths to the contrary" with the help of fraudulent passports and forged documents.

These were the top developments in a day which got off to a turbulent start when Eisler defiantly and firmly refused to take an oath after Chairman Thomas announced that evidence would be produced that American Communism is being directed from abroad.

The packed committee room was hushed temporarily as Eisler, brought from Ellis Island where he has been held the past two days, was called and was ordered to take the oath to testify truthfully.

Eisler rose slowly and served notice. "You will not swear me in before you hear a few remarks."

In the hubbub that followed, Thomas again and again instructed Eisler to "take the oath, telling him: 'You are a guest of this country.'"

Dramming his forefinger on the committee table, Eisler retorted: "I am an anti-Nazi political prisoner. I am not a guest of this country." Again he refused to take the oath. "Now, I have my will," he said.

"Step aside," shouted Thomas. Eisler pushed to the side of the room.

Minutes later, the committee voted unanimously to institute contempt proceedings.

Outside, in the corridor of the House office building, Eisler munched a "canoe" bar and talked with Carol King, his attorney, and his wife.

Louis Budenz, former Communist editor and now a professor at Fordham University, testified that Eisler was linked to Samuel Carr and Fred Rose, who he said were figures in the Canadian spy investigation.

It was Budenz who months ago named Eisler as the No. 1 Communist in America.

To Be Heard on Feb. 20**

A hearing will be held at borough hall by the zoning board of adjustment on Thursday evening, Feb. 20, at 7:30 o'clock when an application for a variance to the zoning ordinance will be considered.

The application was filed by Ernest Prinz who plans alterations to premises at 815 Chestnut street so it can be used as a grocery and meat store.

Members of the adjustment board are Chairman Clarence W. Davenport, George C. Peacock and Jay H. Ruenhart, Borough Manager, and Dow I. Sears, secretary.

The little village of Lanzetta sent out the first news of the accident. The people there said they heard what sounded like two explosions, the last one being far heavier than the first.

A detachment of civil guards and townspeople from the village of Pedro Bernasco started for the scene immediately and reached the wreck four hours later. The rescue party was delayed by a heavy fog which enveloped the mountains.

UNITED STATES BECOMES PART OF PORTAL SUIT

Judge Picard Permits Government to Enter Mt. Clemens Dispute

DETROIT, Feb. 6 (P)—The United States Government, fighting beside industry against nearly \$5,000,000 in portal-to-portal pay claims, today became a party to the "portalizing" Mr. Clemens Porter conspiracy case.

Federal Judge Frank A. Picard, ready to begin work on his momentous decision, signed an order permitting the Government to enter the suit.

He reiterated an invitation to the national CIO to come into the case. In the absence of any reply from that organization, Judge Picard warned that his offer will not stand indefinitely.

Attorney General Tom Clark has asked dismissal of the Mt. Clemens suit on grounds that the amount of portal pay claimed by the pottery workers is trivial.

His assistant, John F. Sonnett, told Judge Picard that, whatever the decision, the Mt. Clemens case will be returned to the Supreme court "as soon as possible."

With all testimony completed, Judge Picard permitted the Government to intervene over the objection of Attorney Edward Lamb, who began the suit six years ago on behalf of a handful of employees who were members of Local 1063, CIO United Pottery Workers.

Lamb contended that the U. S. has failed to show that its interest is affected by the suit or that the Treasury would be affected by its outcome.

Sonnett told the court Wednesday that "many millions of dollars" of Government money is at stake in portal suits, because of the possibility of tax refunds to industry and war contract renegotiations.

Lamb added that the Government is "hostile" to the pottery workers in their suit, which began in 1941 as an overtime action. The Supreme court injected the portal pay issue the past June 10.

Attorneys for the company offered no objections to the Government's entrance into the protracted law suit but reserved the right to argue against similar petitions by other organizations, including the CIO.

Judge Picard has been directed by the high court to assess portal time in the Mt. Clemens case and decide whether it is too trivial to merit damages.

He said his opinion will be ready this weekend "if I am able" but privately indicated that it will require a longer time for completion.

Colonel Contends Gems Souvenirs

SAN FRANCISCO, Feb. 6 (P)—An Army colonel with an excellent record in both world wars declared today that \$200,000 worth of diamonds, emeralds, a big ruby and pieces of jade he acquired in Tokyo the past winter were souvenirs.

The officer, 55-year-old Col. Edward J. Murray, Palo Alto, Calif., had been in charge of vaults in the bank of Japan where gold diamonds and other valuables have been stored during the occupation.

In an unusual interview at Fort Mason, Murray said the dazzling collection of jewelry had not come from the bank's vaults but added with tight lips "I'm not telling anybody where they came from. There is a reason."

He talked freely after learning General MacArthur had ordered him placed under technical arrest "Jewels and precious metals were found all over Japan," he said. "They were hidden and tucked away in warehouses and many other places. Whoever had valuables just took off with them when they learned we were coming, and buried them."

He said service personnel had found many valuables.

Ambassador Gardner Succumbs; Awaited Trip to New London Post

NEW YORK, Feb. 6 (P)—Eight hours before he was to sail for Great Britain as United States ambassador to the court of St. James, O. Max Gardner died in his hotel St. Regis suite today, stricken with an attack of coronary thrombosis.

Expressions of grief and shocked surprise were voiced at the passing of the 54-year-old former under-secretary of the treasury and one-time North Carolina governor.

At the White House, which first announced Gardner's death, President Truman said "I have lost a loyal and devoted personal friend and the country has lost a great American."

Miss Margaret Truman, the President's daughter, called at the hotel here to pay her respects.

James F. Byrnes, former secretary of state and a close friend of Gardner, said at Bryon, N. C., that "his death is a great loss to the nation and to the state he loved so well."

At Raleigh, N. C., Josephus Daniels, former secretary of the Navy, said "I am distressed beyond measure at the sudden death of one of my oldest and dearest friends."

Gardner, a huge, hearty, sports-loving man who starred as a college football player, had come here Tuesday preparatory to boarding the liner America which today for his London post, to which he was appointed by Mr. Truman the past Dec. 3.

He dined with friends in his suite last night and retired about 10 o'clock. At 3 a. m. he was stricken with the coronary thrombosis attack. A hotel physician summoned a heart specialist, who ordered Gardner placed in an oxygen tent, but death came at 8:25 this morning.

With him were Mrs. Gardner and a son, Ralph, who were to sail with him; Fred Morrison, his law partner, and Mrs. Morrison. Ralph said his father had suffered a "slight attack" the past Fall while attending a football game and had been "under a terrific strain briefing himself for the new post."

The body was to be taken to Shelby, N. C., Gardner's birthplace, on a train leaving here tonight. Funeral services will be 2:30 p. m., Saturday at the First Baptist church in Shelby.

Gardner, active in Democratic politics in North Carolina and the nation for 40 years was hailed as an "articulate and expert advocate of American democratic capitalism" and a "persuasive champion of business enterprise" at the time of his diplomatic appointment.

Gardner reportedly amassed a fortune of more than a \$1,000,000 in law practice, textile manufacturing and farming.

President Truman persuaded him the past year to accept the under-secretaryship in the Treasury department. He resigned that position to become ambassador after W. Averell Harriman had left the London diplomatic post for his new job as secretary of commerce. Gardner's selection was ratified unanimously by the Senate.

Army Records Show Dahlia Case Suspect Was 'Miles' Away

PORT DIX, N. J., Feb. 6 (P)—A military police corporal being questioned about the slaying of attractive black-haired Elizabeth Short, the "Black Dahlia," apparently was at Port Dix when she was tortured in an undiscovered hideaway, bisected and her nude body discarded in a vacant lot in Los Angeles, an Army spokesman said today.

Major Cornelius T. Morris, post public relations officer, said Army records showed that the overseas veteran, Joseph Dumais, Claremont, N. H., had arrived at Port Dix from Hurlough either the night of Jan. 10 or the morning of Jan. 11.

He never was shown as absent thereafter, Morris said, assuming that it was possible that the records were.

Morris quoted Dumais as saying he dated the "Dahlia" Jan. 9 but his mind "blacked out" that day and he remembered nothing until he found himself in the Pennsylvania railroad station, New York.

Military and police authorities pushed an investigation to determine definitely where he was during the five days.

Myers Cites Current Cold Wave Proof for Retention of Gas Lines

WASHINGTON, Feb. 6 (P)—A gas shortage in Pittsburgh caused by the present cold wave, Senator Myers (D-Pa.) said today, demonstrates the necessity of preventing sale of the big and little pipe lines for movement of gas to the East coast.

Myers, repeating his opposition to selling the lines immediately, said in a letter to the War Assets Administration that the Ohio-Western Pennsylvania area is in need of all the gas it can get.

To by-pass this region and ship the gas to the Philadelphia-New York area would not only deprive Pittsburgh of fuel it needs but would raise havoc with the hard coal industry in the East, he declared.

The letter said that bids from companies proposing to use the lines for the transportation of natural gas—such as War Assets Administrator L. H. Johnson turned down the past summer—indicated that all the gas would be transported directly to the East coast and that Pittsburgh would get none of it.

Littletjohn, declaring his intention to sell the line for either gas or oil use, subsequently asked for new bids, which are scheduled to be opened Monday.

The lines, built during the war at a cost of \$146,000,000 for the transportation of oil from Texas to the East, have been under emergency lease since the soft coal strike for the transportation of gas.

In the cotton textile industry the value of the output of the four largest companies together is less than 10 per cent of the total.

Commerce Chamber Asks Curb on Unions

WASHINGTON, Feb. 6 (P)—The United States Chamber of Commerce appealed to Congress today to outlaw the closed shop, reverse the Wagner act and protect business against "violence, coercion, intimidation, mass picketing and sit-down strikes" by unions.

Rep. Howard W. Smith (D-Va.)—who has a successful record of getting labor bills through the House—also denounced the closed shop as a "terrible evil" when Congress should act even at the risk of "policy of dislocation and trouble."

Smith's statement to the House labor committee and the chamber's argument to the Senate labor committee were two of several pleas today for and against proposals to curb unions.

W. Homer Hartz, chairman of the chamber's labor relations committee, advocated revision of the Wagner act, which guarantees collective bargaining rights, to give employers "equal" rights with workers. He denounced the closed shop, under which a man must have a union card to get a job, as "compulsory unionism."

UNITED STATES BECOMES PART OF PORTAL SUIT

Judge Picard Permits Government to Enter Mt. Clemens Dispute

DETROIT, Feb. 6 (AP)—The United States Government, fighting beside industry against nearly \$5,000,000 in portal-to-portal pay claims, today became a party to the trail-blazing Mr. Clemens Pottery company case.

Federal Judge Frank A. Picard, ready to begin work on his momentous decision, signed an order permitting the Government to enter the suit.

He reiterated an invitation to the National CIO to come into the case. In the absence of any reply from that organization, Judge Picard warned that his offer will not stand indefinitely.

Attorney General Tom Clark has asked dismissal of the Mt. Clemens suit on grounds that the amount of portal time claimed by the pottery workers is trivial.

His assistant, John F. Sonnett, told Judge Picard that, whatever the decision, the Mt. Clemens case will be returned to the Supreme court "as soon as possible."

With all testimony completed, Judge Picard permitted the Government to intervene over the objection of Attorney Edward Lamb, who began the suit six years ago on behalf of a handful of employees who were members of Local 1083, CIO United Pottery Workers.

Lamb contended that the U. S. has failed to show that its interest is affected by the suit or that the Treasury would be affected by its outcome.

Sonnett told the court Wednesday that "many millions of dollars" of Government money is at stake in portal suits, because of the possibility of tax refunds to industry and war contract renegotiations.

Lamb added that the Government is "hostile to the pottery workers in their suit, which began in 1941 as an overtime action. The Supreme court injected the portal pay issue the past June 10."

Attorneys for the company offered no objections to the Government's entrance into the protracted law suit but reserved the right to argue against similar petitions by other organizations, including the CIO.

Judge Picard has been directed by the high court to assess portal time in the Mt. Clemens case and decide whether it is too trivial to merit damages.

He said his opinion will be ready this weekend "if I am able," but privately indicated that it will require a longer time for completion.

Colonel Contends Gems Souvenirs

SAN FRANCISCO, Feb. 6 (AP)—An Army colonel with an excellent record in both world wars declared today that \$200,000 worth of diamonds, emeralds, a big ruby and pieces of jade he acquired in Tokyo the past winter were souvenirs.

The officer, 55-year-old Col. Edward J. Murray, Palo Alto, Calif., had been in charge of vaults in the bank of Japan where gold, diamonds and other valuables have been stored during the occupation.

In an unusual interview at Fort Mason, Murray said the dazzling collection of jewelry had not come from the bank's vaults, but added with tight lips: "I'm not telling anybody where they came from. There is a reason."

He talked freely after learning General MacArthur had ordered him placed under technical arrest. "Jewels and precious metals were found all over Japan," he said. "They were hidden and tucked away in warehouses and many other places. Whoever had valuables just took off with them when they learned we were coming, and buried them."

He said service personnel had found many valuables.

Ambassador Gardner Succumbs; Awaited Trip to New London Post

NEW YORK, Feb. 6 (AP)—Eight hours before he was to sail for Great Britain as United States ambassador to the court of St. James, O. Max Gardner died in his hotel St. Regis suite today, stricken with an attack of coronary thrombosis.

Expressions of grief and shocked surprise were voiced at the passing of the 64-year-old former under-secretary of the Treasury and one-time North Carolina governor.

At the White House, which first announced Gardner's death, President Truman said "I have lost a loyal and devoted personal friend and the country has lost a great American."

Miss Margaret Truman, the President's daughter, called at the hotel here to pay her respects.

James E. Byrnes, former secretary of state and a close friend of Gardner said at Tryon, N. C., that "his death is a great loss to the nation and to the state he loved so well."

At Raleigh, N. C., Josephus Daniels, former secretary of the Navy, said "I am distressed beyond measure at the sudden death of one of my oldest and dearest friends."

Gardner, a huge, friendly, sports-loving man who starred as a college football player, had come here Tuesday preparatory to boarding the liner America at noon today for his London post, to which he was appointed by Mr. Truman the past Dec. 3.

He dined with friends in his suite last night and retired about 10 o'clock. At 3 a. m. he was stricken with the coronary thrombosis attack. A hotel physician summoned a heart specialist, who ordered Gardner placed in an oxygen tent, but death came at 8:25 this morning.

With him were Mrs. Gardner and a son, Ralph, who were to sail with him; Fred Morrison, his law partner, and Mrs. Morrison. Ralph said his father had suffered a "slight attack" the past Fall while attending a football game and had been "under a terrific strain briefing himself for the new post."

The body was to be taken to Shelby, N. C., Gardner's birth-place, on a train leaving here tonight. Funeral services will be 2:30 p. m., Saturday at the First Baptist church in Shelby.

Gardner, active in Democratic politics in North Carolina and the nation for 40 years, was hailed as an "articulate and expert advocate of American democratic capitalism" and a "persuasive champion of business enterprise" at the time of his diplomatic appointment.

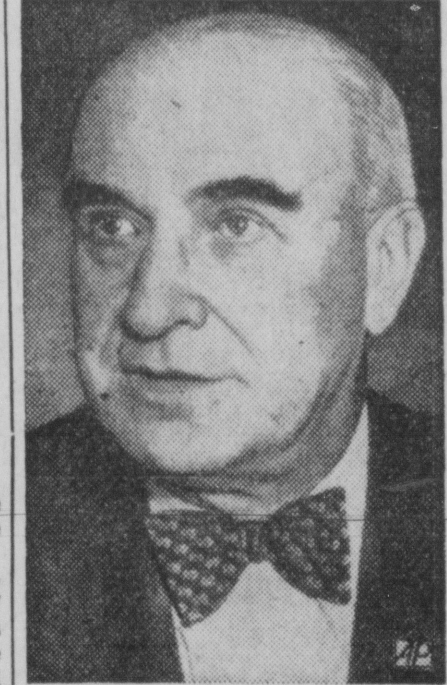

Gardner reportedly amassed a fortune of more than \$1,000,000 in law practice, textile manufacturing and farming.

President Truman persuaded him the past year to accept the under-secretaryship in the Treasury department. He resigned that position to become ambassador after W. Averell Harriman had left the London diplomatic post for his new job as secretary of commerce. Gardner's selection was ratified unanimously by the Senate.

Legion Asks Parents Stress Health Care

HARRISBURG, Feb. 6 (AP)—A state-wide program to educate the parents of all Pennsylvania's school children for better child health was announced today by the State American Legion.

Instructions for setting up advisory health councils in local communities have been sent to 900 Legion posts and 600 Legion auxiliaries in the Commonwealth, Edward A. Linsky, state adjutant said.

"Of over 513,000 school children examined during the past year, 287,000 were found to have physical defects such as heart, chest, poor nutrition and other ailments, but only 4 percent were corrected because of parents neglect," Linsky said, explaining the Legion's action.

He said the program will undertake to educate the parents of more than 1,470,000 children in Pennsylvania's public schools regarding health measures.

Commerce Chamber Asks Curb on Unions

WASHINGTON, Feb. 6 (AP)—The United States Chamber of Commerce appealed to Congress today to outlaw the closed shop, revise the Wagner act and protect business against "violence, coercion, intimidation, mass picketing and sit-down strikes" by unions.

Rep. Howard W. Smith (D-Va.)—who has a successful record of getting labor bills through the House—also denounced the closed shop as a "terrible evil" which Congress should kill even at the risk of "plenty of dislocation and trouble."

Smith's statement to the House labor committee and the chamber's argument to the Senate labor committee were two of several pleas today for and against proposals to curb unions.

W. Homer Hartz, chairman of the chamber's labor relations committee, advocated revision of the Wagner act, which guarantees collective bargaining rights, to give employers "equal rights" with workers. He denounced the closed shop, under which a man must have a union card to get a job, as "compulsory unionism."

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Without Painful Backache Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

French Troops Advance In Hanoi Street-Fighting

PARIS, Feb. 6 (AP)—French forces claimed to have seized a command post in embattled Hanoi as bitter street fighting raged in the coastal town of Hue in central Indochina, dispatches from the Orient said tonight.

In Hanoi, attacking Viet-Namese troops still were holding the isolated Chinese-Annamite quarter of the city. The insurgent command post taken by the French was destroyed.

These latest military developments in Indochina came as European

representatives of President Ho Chi-minh's Viet-Namese government put out peace feelers in Paris and London.

HOOPER ARRIVES IN BERLIN BERLIN, Feb. 6 (AP)—Former President Herbert Hoover arrived today on his tour of Germany to study food problems, and went into an hour-long conference with high-ranking British and American occupation authorities.

Dillon Proposes U. S. Citizenship for 40,000 Japanese

WASHINGTON, Feb. 6 (AP)—Dillon A. Myer, wartime head of the Japanese-American relocation camps, proposed today that Congress consider granting citizenship to 40,000 Japanese who have lived in this country for a long time.

He suggested such action as partial compensation for the exclusion of 110,000 Japanese-Americans from the West coast during a spy scare at the outset of World War II.

Attacking the mass removal as unjustified, Myer declared in a report to Interior Secretary Knute L. Nease that Congress also should repay the Japanese for loss of "several million dollars" worth of property they were forced to leave behind.

Myer said the 40,000 Japanese, most of them residents of the United States for more than 25 years, desired even more than the money "to be declared eligible for American citizenship."

"The War Relocation Authority recommends," he said, "passage of legislation which would extend the privilege of naturalization equally to members of all races of the world."

(Under a 1924 act, no Japanese immigrants are permitted to enter the United States. Those already here in 1924 remained aliens.)

(But while citizenship was denied to first-generation "Issei" (immigrant) Japanese, the privilege was granted to their "Nisei" children and their "Sansei" children's children.)

The Government, Myer said, spent more than \$250,000,000 for the evacuation and relocation programs. WRA believes, he said, that some people of Japanese descent probably should have been moved from the West coast military area.

But, he said, "It does not believe that a mass evacuation was ever justified."

The Supreme court ruled on Dec. 18, 1944, that the Army had the right to exclude Japanese from the West coast as a safety measure immediately after the attack on Pearl Harbor.

Police Lodge to Hold Annual Dinner Mar. 18

Members of the Pottstown police department are affiliated with the East Montgomery County Lodge No. 14, Fraternal Order of Police, which will hold its fourth annual banquet Tuesday evening, March 18, at 6:30 o'clock at the Melrose Country club, Ashbourne road and Arbor road, Cheltenham. Harry M. Arnold, of Willow Grove, is chairman of the banquet committee.

AUSTRIA, YUGOSLAVIA INVITED LONDON, Feb. 6 (AP)—The big four deputy foreign ministers decided today to invite representatives of Austria and Yugoslavia to debate next week the merits of their border dispute.

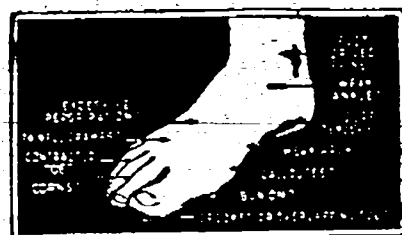

Freight Cars Derailed As Propeller Shifts

PHILADELPHIA, Feb. 6 (AP)—Eighteen cars of a 45-car freight train were derailed here today, blocking the four tracks of the Baltimore and Ohio main line from New York to Washington.

Railroad officials said the cars were being transferred from the Reading railroad line to the B. & O. when a large ship's propeller shifted on a flat car. No one was injured and none of the cars overturned. B. and O. passenger trains will be re-routed over branch lines until the tracks can be cleared.

NEW ACADEMY ASKED WASHINGTON, Feb. 6 (AP)—A foreign service academy similar to the present Army and Navy academies was proposed today by Representative Stockman (R-Or).

Mexico and U. S. May Act Against Illegal Migration

WASHINGTON, Feb. 6 (AP)—Representatives of the United States and Mexico have agreed to recommend to their governments measures to tighten control of migration by Mexicans across the border, the State department announced tonight.

Negotiations were held in Mexico City to deal with problems resulting from illegal movement of an estimated 119,000 Mexican workers into the United States.

The State department said that the Mexican ministry of foreign affairs was announcing that recommendations include:

1. Redoubling of vigilance along the border in Mexico as well as of the American side to prevent illegal crossing.
2. A requirement that future migrants be supplied with passports and appropriate visas.
3. The United States should examine the possibility of adequate sanctions against employers who give work to illegal immigrants. By this measure it was hoped to avoid abuses of Mexican workers by some employers.
4. An arrangement whereby workers already in the United States could return to Mexico to establish their immigration status before returning to the United States.

The announcement stressed that the recommendations would not become effective unless included in a formal agreement between the two governments.

Hugo Carusi, U. S. commissioner of immigration and William G. Maclean of the State department represented the United States.

Unauthorized Cab Groups Sued by Commission

HARRISBURG, Feb. 6 (AP)—Reporting a "general influx" of unauthorized taxicabs into Philadelphia, the Public Utility Commission asked the Dauphin county court today to halt all such operations.

The commission filed 21 suits against persons whom it charged are operating taxi services without its approval as required by law and the court immediately ordered the operators to appear here Thursday, Feb. 13, to answer the suits.

The court previously directed the GI Taxicab association of Philadelphia to answer similar charges that same day as a result of a previous suit filed by the commission. The GI association, an organization of veterans, previously was refused a certificate of public convenience by the commission.

YOUR BIRTHDAY ANNIVERSARIES

TODAY'S HOROSCOPE
IF YOU have a birthday today, be self-confident and trusting. It will make you enjoy your home and friends more. You have good judgment and a fine sense of character, but should not let it predominate your friendships by constantly analyzing them.

Today
Elaine Suloman, daughter of Mr. and Mrs. George Suloman, Glen Moore, aged three years.

Gabriel and Ronald Nore, sons of Mr. and Mrs. Andrew Nore, 1 Ash street, Stowe, Gabriel will be 13 years and Ronald, 14 years.

Mrs. Michael P. Onco Sr., 1141 South street.

Stephen Rozas, son of Mr. and Mrs. S. J. Rozas, 108 Warren street, aged 15 years.

Nancy Dersin, daughter of Mr. and Mrs. Leonard Dersin, Glasgow, aged 11 years.

Yesterday
Jean Peck, daughter of Mr. and Mrs. Jere Peck Jr., Spring City RD 1, aged eight years.

AOH Auxiliary Sees Display of Elephants

Miss Myrtle Applebaugh, Easton, displayed a part of her collection of 476 elephants at a meeting of the AOH Wednesday night in Lary hall.

One of the elephants on display belonged to President Grant and others came from Siam, Japan, Rangoon, Germany and many other countries.

All the elephants in her collection were gifts from the poorest children to the most prominent men.

At a business meeting conducted by Mr. Curtis Wack, president, announcement was made of a covered dish supper to be held at the March meeting. Announcement also was made of the annual supper-dance to be held March 16.

Pig-in-the-box was won by Mrs. Mary Lawer.

YOUR BIRTHDAY
ANNIVERSARIES

TODAY'S HOROSCOPE
IF YOU have a birthday today, be self-confident and trusting. It will make you enjoy your home and friends more. You have good judgment and a fine sense of character, but should not let it predominate your friendships by constantly analyzing them.

Today
Elaine Suloman, daughter of Mr. and Mrs. George Suloman, Glen Moore, aged three years.

Gabriel and Ronald Nore, sons of Mr. and Mrs. Andrew Nore, 1 Ash street, Stowe, Gabriel will be 13 years and Ronald, 14 years.

Mrs. Michael P. Ondo Sr., 1141 South street.

Stephen Rozsas, son of Mr. and Mrs. S. J. Rozsas, 108 Warren street, aged 16 years.

Nancy Dersh, daughter of Mr. and Mrs. Leonard Dersh, Glasgow, aged 11 years.

Yesterday
Jean Peck, daughter of Mr. and Mrs. Jere Peck Jr., Spring City RD 1, aged eight years.

AOH Auxiliary Sees
Display of Elephants

Miss Myrtle Applebaugh, Easton, displayed a part of her collection of 4786 elephants at a meeting of the AOH Wednesday night in Library hall.

One of the elephants on display belonged to President Grant and others came from Siam, Japan, Rangoon, Germany and many other countries.

All the elephants in her collection were gifts from the poorest children to the most prominent men.

At a business meeting conducted by Mr. Curtis Wack, president, announcement was made of a covered dish supper to be held at the March meeting. Announcement also was made of the annual supper-dance to be held March 16.

Pig-in-the-box was won by Mrs. Mary Lawler.

Betty M. Hallman Becomes Bride of Rufus B. Dotterer

Miss Betty Marguerite Hallman, daughter of Mr. and Mrs. Robert E. Hallman, Phoenixville, became the bride of Rufus B. Dotterer, son of Mr. and Mrs. Jacob Dotterer, Boyertown RD 2, in a double ring ceremony at the Salem Reformed church, Spangerville, on Saturday afternoon at 2 o'clock. The Rev. Earl Wolford officiated.

The bride, given in marriage by her father, wore a white marquisette gown, princess styled. The full skirt of the gown ended in a train. Her fingertip veil fell from a beaded crown, and she carried a white Bible topped with gardenias and sweet peas tied in lovers knots on white streamers.

Miss Phyllis Hallman, sister of the bride, served as maid of honor. She wore a gown of blue net over taffeta, the gown having a high neckline, fitted bodice, and full skirt. She carried a bouquet of mixed flowers with a large blue bow.

Norman Hess, Boyertown, served as best man, and Robert Hallman Jr., brother of the bride, was usher.

Preceding the ceremony Mrs. Olive Reppert, organist, presented a recital of bridal music.

Following the wedding there was a reception at the Boyer Towne inn for the bridal party, immediate family, relatives and friends.

The bride is a graduate of Phoenixville High school, class of 1945. She is at present employed at the Boyertown Shoe corporation.

The groom attended Boyertown High school. He served in the U. S. Navy for two years and is at present employed at the Bethlehem Steel corporation, Pottstown.

The couple will reside at the home of the groom's parents.

Betty M. Hallman Becomes Bride of Rufus B. Dotterer

Miss Betty Marguerite Hallman, daughter of Mr. and Mrs. Robert E. Hallman, Phoenixville, became the bride of Rufus B. Dotterer, son of Mr. and Mrs. Jacob Dotterer, Boyertown RD 2, in a double ring ceremony at the Salem Reformed church, Spangville, on Saturday afternoon at 2 o'clock. The Rev. Earl Wolford officiated.

The bride, given in marriage by her father, wore a white marquisette gown, princess styled. The full skirt of the gown ended in a train. Her fingertip veil fell from a beaded crown, and she carried a white Bible topped with gardenias and sweet peas tied in lovers knots on white streamers.

Miss Phyllis Hallman, sister of the bride, served as maid of honor. She wore a gown of blue net over taffeta, the gown having a high neckline, fitted bodice, and full skirt. She carried a bouquet of mixed flowers with a large blue bow.

Norman Hess, Boyertown, served as best man, and Robert Hallman Jr., brother of the bride, was usher.

Preceding the ceremony Mrs. Olive Reppert, organist, presented a recital of bridal music.

Following the wedding there was a reception at the Boyer Towne inn for the bridal party, immediate family, relatives and friends.

The bride is a graduate of Phoe-

Boy! Those'll taste good later on!

At HARVEST TIME there's always too much of a good thing.

When the fruit crop is good, there's a lot more than you want to eat right then.

So, according to a very sound old custom, that's when you get out the preserving kettles and the jars and "put it up" for leaner days ahead.

There's been a big harvest of dollars around recently. If you'll just stick with that good old custom and put some of them up—you'll find them pretty handy to have around if days ever do get leaner. And they'll be a lot more valuable later on when goods get plentiful.

One of the safest, surest ways to put up dollars is to buy U. S. Savings Bonds through the Payroll Savings Plan.

And—better than canned fruit—they'll keep right on increasing all the time they're put away. Every three dollars will be four at the end of ten years.

If you're on the Payroll Plan, stick with it. If you're not—join it today. And remember that you can buy those extra bonds at any bank or post office.

SAVE THE EASY WAY...BUY YOUR BONDS THROUGH PAYROLL SAVINGS

Boy! Those'll taste good later on!

At HARVEST TIME there's always too much of a good thing.
When the fruit crop is good, there's a lot more than you want to eat right then.
So, according to a very sound old custom, that's when you get out the preserving kettles and the jars and "put it up" for leaner days ahead.
There's been a big harvest of dollars around recently. If you'll just stick with that good old custom and put some of them up—you'll find them pretty handy to have around if days ever do get leaner. And they'll be a lot more valuable later on when goods get plentiful.
One of the safest, surest ways to put up dollars is to buy U. S. Savings Bonds through the Payroll Savings Plan.
And—better than canned fruit—they'll keep right on increasing all the time they're put away. Every three dollars will be four at the end of ten years.
If you're on the Payroll Plan, stick with it. If you're not—join it today. And remember that you can buy those extra bonds at any bank or post office.

Lawrence Roberts Named Teacher by 'Ford School Board

On recommendation of Supervising Principal John S. Hartman, Royersford school board last night elected Lawrence Roberts, graduate of West Chester State Teachers college, as science teacher, to succeed Spencer Marks, who resigned sometime ago.

After hearing Rev. Fred G. Bays, representing the Royersford Council of Churches, the board granted the use of the athletic field or the high school auditorium for holding an Easter dawn service April 6, at 6:30 a. m. The athletic field will be used in the event of favorable weather.

A communication from the State Department of Health said the condition of the schools was very satisfactory. The report recommended interior painting and better lighting in the Adams school building, which the board agreed to do.

The board sought information concerning the status of William Irwin, faculty member, who had been granted a military leave of absence during the war. Irwin now is in Germany. In the absence of any word from him, the board is seeking to ascertain whether he is still on leave of absence, or whether he wishes to be relieved of his contract, in order that the board may know whether or not to elect a successor.

The county superintendent advised the board it is his impression he still is on leave of absence, but regarded the matter one for legal opinion.

The board accepted the bid of an industrial appraisal company to check insurance policies on buildings and offered recommendations.

Report of Miss Sara Baum, grade school principal, indicated an old-fashioned clock is out of order. The board agreed to replace the time piece with an electric clock.

Miss Baum was granted permission to remove some unused articles from the basement of the Adams building, in order to provide a projection room. Miss Baum also was granted permission to attend an educational meeting at Harrisburg Feb. 14.

Report of the treasurer showed a balance of \$18,961.12, and the report of the tax collector listed a balance outstanding of \$2311.39.

Miss Adams Discusses World-Wide Guild Topic

The World-Wide guild of Royersford Baptist church met Wednesday night in the church.

Miss Esther Adams, in charge of the devotion, discussed "Lead Us Not Into Temptation." The Scripture lessons were read by Joanne Randall and Mary Alexander, who also offered prayer. A song service followed.

After the meeting, the girls were entertained at the home of Thelma Shaffer, 210 Main street, where refreshments were served after a social time and games. The table was decorated with Valentine's day.

Lawrence Roberts Named Teacher by 'Ford School Board

On recommendation of Supervising Principal John S. Hartman, Royersford school board last night elected Lawrence Roberts, graduate of West Chester State Teachers college, as science teacher, to succeed Spencer Marks, who resigned sometime ago.

After hearing the Rev. Fred G. Bangs, representing Royersford Council of Churches, the board granted the use of the athletic field or the high school auditorium for holding an Easter dawn service April 6, at 6:30 a. m. The athletic field will be used in the event of favorable weather.

A communication from the State Department of Health said the condition of the schools was very satisfactory. The report recommended interior painting and better lighting in the Adams school building, which the board agreed to do.

The board sought information concerning the status of William Irwin, faculty member, who had been granted a military leave of absence during the war. Irwin now is in Germany. In the absence of any word from him, the board is seeking to ascertain whether he is still on leave of absence, or whether he wishes to be relieved of his contract, in order that the board may know whether or not to elect a successor.

The county superintendent advised the board it is his impression he still is on leave of absence, but regarded the matter one for legal opinion.

The board accepted the bid of an industrial appraisal company to check insurance policies on buildings and offered recommendations.

Report of Miss Sara Baum, grade school principal, indicated an old-fashioned clock is out of order. The board agreed to replace the time piece with an electric clock. Miss Baum was granted permission to remove some unused articles from the basement of the Adams building, in order to provide a projection room. Miss Baum also was granted permission to attend an educational meeting at Harrisburg Feb. 14.

Report of the treasurer showed a balance of \$18,961.12, and the report of the tax collector listed a balance outstanding of \$2811.39.

WARRIORS HERE TO TEST TROJANS TONIGHT

LOCAL CAGERS TRYING FOR 6TH LOOP WIN

Improved West Chester Five Seeks Third in Row; Berwyn Meets Raiders

A vastly-improved West Chester High school quintet invades Pottstown tonight for a Section Three league tilt scheduled for the local North End boards.

Coach Andy D. Fasco's Warriors have chalked up three straight loop victories at the expense of Phoenixville, Downingtown and Berwyn and have moved into a tie for third place in the standings.

The Trojans are now situated in second place in the league, one game behind the leading Coatesville High Red Raiders. Coach Ed Good's charges have won five and lost one in league competition and will be gunning for victory number six tonight.

Vic Bruno, West Chester's sophomore center spearheaded the Warriors' victory over Berwyn and can be counted on to give the Trojans plenty of trouble tonight.

The first time the two schools met, the Trojans gained a 40-34 victory at West Chester, but at that time they were not at full strength. Tonight they will be at top form and a good battle seems in the making.

Stan Solar and Tom Weber are slated for forward duty when the game gets underway with Claude Reinhart at center, Bobby Martz and Dave Detar will be at the guard positions.

In the preliminary contest, slated for 7:15 o'clock, Coach Bill McCabe's Babr Trojans will be seeking their seventh straight victory when they oppose the West Chester junior varsity.

M McCabe will use Brower Yerger and Don Ziegler at forwards, with Howard Kinloch at the center slot, George Rath and Danny Ludwig will be the guards.

In other loop frays tonight Coatesville travels to Berwyn and Phoenixville meets Downingtown on the latter's court.

BOYERTOWN HIGH MEETS OLEY FIVE IN LEAGUE TILT

Hamburg High school, setting a hot pace in the Northern division of the Berks County league, goes after its eighth straight league victory tonight when it travels to meet Boyertown High school.

In other league games scheduled for tonight Boyertown High's Bears coached by Bob Fleming, goes to Oley and Amity plays host to Kutztown.

The Boyertown quintet, upset twice by Amity, will try to take sole possession of second place tonight when it takes to the floor against Oley, holders of last place in the league's standings.

Amity, tied for second place with Boyertown, will be hoping for an Oley victory as Fleming's Bears will drop into third place. Amity has been playing steady ball throughout the season and will be trying for victory number five tonight.

Boyertown defeated Oley the first time the two schools met and Fleming will stick to the same line-up that started that contest. Bill Reinharder and Bruce Bernhart will be at forwards with Dick Campbell at center. Dick Senott and Vic Prutzman will start at guards.

Doehler's defeated the Stowe Quoit Club, 49-36 last night and Fleischmann's upset UAW 644, 41-36 to move the Deceasers to within one game of the fourth place Autoworkers in the City league.

Fleischmann's grabbed an early lead and held it throughout the game with the exception of a few minutes in the third and fourth periods.

John LaPish and Harvey Nettles paced the winners with 10 points each but it was a field goal by Art Peroni with two minutes to go that sewed up the ball game for the Fleischmann's.

The score was deadlocked at 33-33 midway through the final stanza but Fleischmann's came back to move out into the lead again and were never headed although the score stood at 36-33 at one time. Walt Paskowski was high scorer for the Autoworkers with 13 points.

With Johnny Katch and Bobby Shaner leading the way, Doehler's handed the Stowe Quoit Club its eleventh straight loop setback, 49-36. Shaner had 15 and Katch chipped in with a dozen points for the winners.

Doehler's took a 12-2 first period lead and from there on it was no contest although the losers rallied for 20 points in the final period. Mule Davidheiser and Bud Egoft each had 12 points for the Quoit Club.

West Chester Sextet Meets Local Lassies

Pottstown High school's sextet will be trying for victory number one tonight when West Chester's lassies come to meet Coach A. Edna Hurr's charges on the high school court at 7:15 o'clock.

The locals battled to a 35-35 tie with the Reading Central Catholic the past week in the season's opening and are all pepped up for today's contest.

For the Pottstown sextet today, Doris Erb, Fern Drummheller and Janet Garner will start at the forward positions while Edith Step, Edith Dummeh and Dorothy Oberbauer are scheduled to hold down the guard spots when the game gets underway.

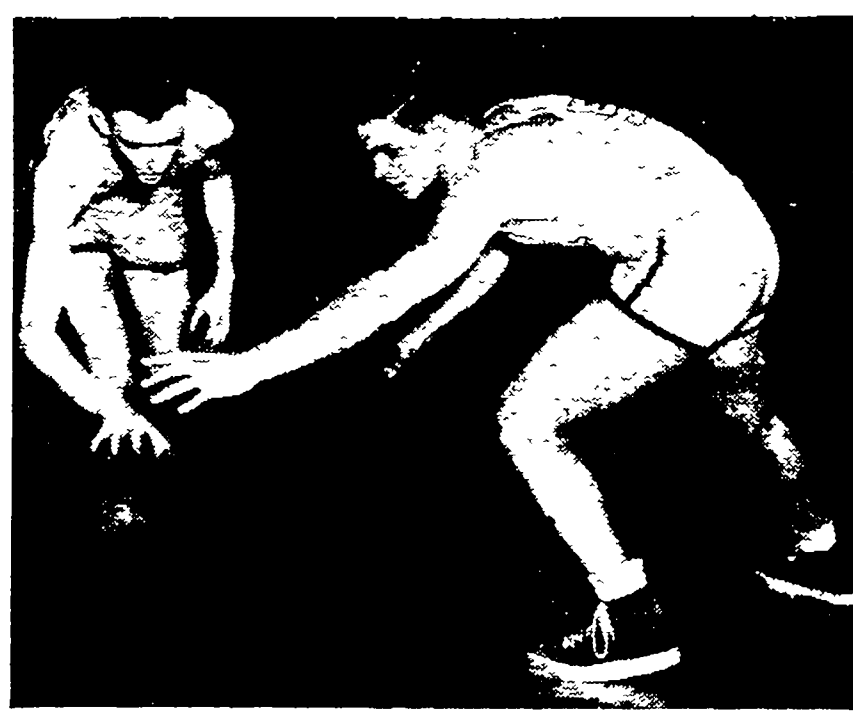

Trojan Mermen Seek Revenge At Lancaster

Coach Cy Yocum's Pottstown High school team will travel to Lancaster this afternoon for a meet with the team that gained a 30-23 victory in the opening match of the season. The meet is slated for 3:15 o'clock.

Since opening day the Trojans have come along to win every meet save the one with Coatesville and have their sights set on gaining revenge for the first setback.

There are no undefeated swimmers or divers on the squad out the Trojans go right on winning. Tomorrow night, Feb. 7, the Trojans will meet the 220-yard free style, croquet that event by about six inches.

Getting Ready

Two Hill School basketball players, Len Fahs, left and Dick Thompson get ready for tomorrow's basketball game with Haverford School. Thompson is attempting to steal the ball from Fahs who is headed for a shot at the basket.

WARRIORS HERE TO TEST TROJANS TONIGHT

LOCAL CAGERS TRYING FOR 6TH LOOP WIN

Improved West Chester Five Seeks Third in Row; Berwyn Meets Raiders

A vastly-improved West Chester High school quintet invades Pottstown tonight for a Section Three league tilt scheduled for the local North End boards.

The Trojans are now situated in second place in the league, one game behind the leading Coatesville High Red Raiders. Coach Ed Good's charges have won five and lost one in league competition and will be gunning for victory number six tonight.

Vic Bruno, West Chester's sophomore center spearheaded the Warriors' victory over Berwyn and can be counted on to give the Trojans plenty of trouble tonight.

The first time the two schools met, the Trojans gained a 40-34 victory at West Chester, but at that time they were not at full strength. Tonight they will be at top form and a good battle seems in the making.

Stan Stolar and Tom Weber are slated for forward duty when the game gets underway with Claude Reinhardt at center. Bobby Martz and Dave Delar will be at the guard positions.

In the preliminary contest, slated for 7:15 o'clock, Coach Bill McCabe's Baby Trojans will be seeking their seventh straight victory when they oppose the West Chester junior varsity.

McCabe will use Brower Yerger and Don Ziegler at forwards, with Howard Kinkaid at the center slot. George Rath and Danny Ludwig will be the guards.

In other loop frays tonight, Coatesville travels to Berwyn and Phoenixville meets Downingtown on the latter's court.

BOYERTOWN HIGH MEETS OLEY FIVE IN LEAGUE TILT

Hamburg High school, setting a hot pace in the Northern division of the Berks County league, goes after eighth straight league victory tonight when it travels to meet Fleetwood High school.

In other league games scheduled for tonight, Boyertown High's Bears coached by Bob Fleming, goes to Oley and Amity plays host to Kutztown.

The Boyertown quintet, upset twice by Amity, will try to take sole possession of second place tonight when it takes to the floor against Oley, holders of last place in the league standings.

Amity, tied for second place with Boyertown, will be hoping for an Oley victory so Fleming's Bears will drop into third place. Amity has been playing steady ball throughout the season and will be trying for victory number five tonight.

Boyertown defeated Oley the first time the two schools met and Fleming will stick to the same line-up that started that contest. Bill Reidenauer and Bruce Bernhart will be at forwards with Dick Campbell at center. Dick Schott and Vic Prutzman will start at guards.

PHILS CHANGE TIME PHILADELPHIA, Feb. 6 (P)—Home games of the Philadelphia Phils at Shibe Park will start this season at 2:30 p. m. instead of at 3:15 weekdays, Nathan Alexander, Phil traveling secretary, announced today.

Flash!

Frankie Frisch, the old Fordham "Flash," will broadcast New York Giants games this year. Mel Ott is left, Steve Ellis right.

Collegeville High's Colonels Take On Schwenkville Tonight In Quest of 8th Loop Victory

Sailing along toward an Upper Montco league title, the Collegeville High school's Colonels take on Schwenkville tonight in quest of their eighth straight league victory.

Coach Ted Wiles' charges, undefeated this season, will be out to duplicate its top-sided victory over the Bluebirds in the first meetings of these two schools.

George Bock, Bob DeWane and Gerald Claycomb are the big guns in the Colonels' attack which has swept aside all opponents by large margins, with the exception of Royersford which fought to a 25-22 contest.

In another loop contest, Royersford, now holding down second place with four wins and one setback, meets East Greenville at Royersford.

Coach Bob McNelly's 'Forders are still in the race and have two postponed contests to make up. Royersford whipped the Greensies soundly in the first game this season and are confident they can do it again tonight.

Coach Ray P. Firestone's West Pottsgrove High quintet will be seeking its second league win when it plays host to Pottstown. The Bulldogs have won four games against two defeats in league competition to rest in third place in the standings.

Firestone will call on Steve Sabo and Vic DiGlosia for forwards with Mike Perenz at center. Bob Spacht and Mike Zezenski will be the guards.

Preliminary tilts are scheduled for 7:15 o'clock.

Warwick Cage Five Meets Morgantown

The Warwick High school's basketball team will play host to Morgantown tonight in a Bi-County league game at Warwick. The varsity struggle will start immediately after a junior varsity contest which is listed for 7:15 o'clock.

West Chester Sextet Meets Local Lassies

Pottstown High school's sextet will be trying for victory number one today when West Chester's lassies come to meet Coach A. Edna Hutt's charges on the high school court at 3:15 o'clock.

The locals battled to a 35-35 tie with the Reading Central Catholic the past week in the season's opener and are all pepped up for today's contest.

For the Pottstown sextet today, Doris Erb, Fern Drumheller and Janet Garner will start at the forward positions while Edith Steyer, Edith Dunning and Dorothy Obermyer are scheduled to hold down the guard spots when the game gets underway.

Trojan Mermen Seek Revenge At Lancaster

Coach Cy Yocum's Pottstown High school tankmen will travel to Lancaster this afternoon for a meet with the team that gained a 38-28 victory in the opening match of the season. The meet is listed for 3:15 o'clock.

Since opening day, the Trojans have come along to win every meet save the one with Coatesville and have their sights set on gaining revenge for the first setback.

There are no undefeated swimmers or divers on the squad but the Trojans go right on winning. Tommy Allen, who up until Tuesday was undefeated in the 220-yard free style, dropped that event by about six inches.

Spring City will be out to repeat its victory over Norco when the two teams meet in what could be an important tilt for the Pirates.

After tonight's games are over, there could be a four way tie for first place in the league. A Conshohocken victory over Upper Merion combined with a Spring City win and a Bridgeport triumph would leave the four teams deadlocked for the top rung on the ladder.

Coach Victor Williams will start for North Coventry, Rodney Cannell and Dave Stavrosky at forwards with Joe Stavrosky at center. Tim Batdorf and Jim Evans will be the guards.

Eugene Groff, Spring City mentor, will depend largely on Dick McKissie and Jay Barclay to pull his charges through to another victory.

Preliminary tilts between the junior varsity squads of the Section Six schools are listed for 7:15 o'clock.

Central Wins, 40-36 Over Diamond Glass

Central defeated Diamond Glass, 40-36 last night in an extra period Twin Borough Recreation League game at Royersford High school while the Tannery whipped the Spring Company, 46-30 in the second game of the evening.

North Coventry Travels To Meet Spring City High's Pirates In Section 6 League Tilt Tonight

Upper Merion, currently leading the Section Six race, will meet Conshohocken tonight at Conshohocken while Spring City plays host to North Coventry in another loop fray. West Conshohocken, winless thus far in league competition, will travel to Bridgeport for a clash with the Dragons.

Spring City will be out to repeat its victory over Norco when the two teams meet in what could be an important tilt for the Pirates.

Club Century Meets Coatesville Tonight

The Club Century basketball team will hit the road tonight and head for Coatesville for an exhibition game with the Coatesville Clippers. The Century Maids will meet the Coatesville girls' team in a preliminary contest.

The Club Century teams will leave by bus from the Bethany Recreation Center at 6 o'clock.

GOLDEN CUBS DROP NINTH STRAIGHT TILT

Hill Juniors Win 32-10; Locals Meet Phoenixville Foe Away This Afternoon

The Pottstown Junior High school's Golden Cubs went down to their ninth straight defeat yesterday, bowing, 32-10, to The Hill Juniors at The Hill School.

Coach Walter McCurdy's junior varsity lost a 19-11 decision to The Hill Middlets in another contest.

The Cubs meet Phoenixville Junior High school this afternoon on the latter's court at 3:15 o'clock.

For the first period, it was close as The Hill grabbed a 6-3 lead but moved into a 15-4 lead at halftime and held a comfortable, 24-6 lead at the end of the third period. It was never a contest as The Juniors poured it on with Whitley leading as he garnered nine counts to lead all scorers. Grunow had seven for the winners while Tom Pollick was high scorer for the Cubs with four points.

CE Branch to Meet Next Tuesday Night

The North Branch Christian Endeavor will hold its monthly meeting Tuesday evening at 8 o'clock in the Parkford Brethren church in charge of Clarence Quay, president.

The social time will be in the form of a box social with all the ladies bringing a box lunch to be auctioned to the men.

The heifers that were purchased by the branch will be dedicated at this meeting and moving pictures of the heifers' progress will be shown by Brower Ellis.

Luce May Pay Million For Churchill Memoirs

LONDON, Feb. 6 (P)—The British Press association reported today that "very satisfactory" progress had been made in negotiations between Winston Churchill and Henry Luce, publisher of Time and Life magazines for serial rights to Churchill's war memoirs.

A sum in the neighborhood of \$1,000,000 has been mentioned as the figure which Luce has agreed to pay, the news agency report stated.

gate, was reported insisting that the mandate laid down by the Assembly for the atomic commission and the whole arms program states the case clearly and it is not necessary to write such a stipulation into the council's resolution.

The delegates were said to have agreed on virtually every other section of the proposed resolution.

Austin was reported to have offered during the afternoon a proposal setting up an 11-member organization known as the "commission for conventional armaments." This would deal with all arms not coming under the atomic or weapons of mass destruction categories specified for the atomic commission.

As a compromise for that latest Austin proposal Dr. Eduardo Zuleta Angel of Colombia was said to have presented a proposal referring to unforgiveness on the atomic commission only once instead of three times as stated in the Austin paper.

Car Stolen Near Reading Recovered at Parkerford

H. R. Hoppe, Parkerford, chief of plant protection at Bethlehem Steel and constable of East Coventry township, yesterday recovered a 1946 sedan stolen from George Byler, Morgantown.

The sedan was stolen at 12:30 o'clock Monday morning from in front of a diner on Route 422 just out of Reading.

After driving it for more than 200 miles, the thief left it in Parkerford near the bridge to Linfield. He first stole the spare tire and rim and several small items from the trunk of the car.

Residents noticed the car parked near the bridge and called Hoppe. He, in turn, checked through the lists of stolen cars and found that it belonged to Byler.

Byler claimed his car yesterday from the garage to which Hoppe had it towed to protect it from the weather.

by the Palestine government to co-operate in bringing terrorists to book. Last night the Jewish leadership, holding that the order was tantamount to asking the Jews to become informers and spies rejected the demand.

The result may be a general crackdown by the British mandatory government and army against terrorism in general, probably accompanied by some form of martial law, curfews and even a possible dissolution of official Jewish bodies such as the Jewish agency and the Jewish National council. The agency represents Palestine Jewry in matters pertaining to a national home.

A veteran Palestine observer said that when the seven-day British ultimatum ended with a negative reply from the Jews, "the Palestine government cannot in conscience remain idle."

"It must move," he said, "and there is every reason to expect it will move against official Jewry, whose co-operation it sought but did not get. There are many who believe the Jewish agency's actual existence depends on its willingness to co-operate with the government in removing the terrorist cancer."

"For the people to have the privilege of choosing whom they please as their leader is real democracy in action," Rayburn said.

"My God," shouted veteran Democrat Adolph Sabath, of Illinois, "cannot we let a man rest in peace?" Franklin D. Roosevelt served this nation better than any other man and I hope his policies will live for years to come."

Camera Club Members Hear Rotogravure Editor

Audrey Bodine, rotogravure editor of the Baltimore Sun, showed 100 of his own prints to a dinner meeting of the Camera club last night held in the Exchange building.

Bodine accompanied the lantern slide exhibit with explanations of the newspaper and salon pictures and later spoke on how to develop the former into the latter.

After the show he answered questions from some of the 60 present.

CE Branch to Meet Next Tuesday Night

The North Branch Christian Endeavor will hold its monthly meeting Tuesday evening at 8 o'clock in the Parkerford Brethren church in charge of Clarence Quay, president.

The social time will be in the form of a box social with all the ladies bringing a box lunch to be auctioned to the men.

The helpers that were purchased by the branch will be dedicated at this meeting and moving pictures of the helpers' progress will be shown by Brower Ellis.

Luce May Pay Million For Churchill Memoirs

LONDON, Feb. 6 (AP)—The British Press association reported today that "very satisfactory" progress had been made in negotiations between Winston Churchill and Henry Luce, publisher of Time and Life magazines, for serial rights to Churchill's war memoirs.

"A sum in the neighborhood of \$1,000,000 has been mentioned as the figure which Luce has agreed to pay," the news agency report stated.

gate, was reported insisting that the mandate laid down by the Assembly for the atomic commission and the whole arms program states the case clearly and it is not necessary to write such a stipulation into the council's resolution.

The delegates were said to have agreed on virtually every other section of the proposed resolution.

Austin, as reported to have offered during the afternoon a proposal setting up an 11-member organization known as the "commission for conventional armaments." This would deal with all arms not coming under the atomic or weapons of mass destruction categories specified for the atomic commission.

As a compromise for that latest Austin proposal Dr. Eduardo Zuleta Angel of Colombia was said to have presented a proposal referring to infringement of the atomic commission only once instead of three times as stated in the Austin paper.

Car Stolen Near Reading Recovered at Parkerford

H. R. Hoppe, Parkerford, chief of plant protection at Bethlehem Steel and constable of East Coventry township, yesterday recovered a 1946 sedan stolen from George Byler, Morgantown.

The sedan was stolen at 12:30 o'clock Monday morning from in front of a diner on Route 422 just out of Reading.

After driving it for more than 200 miles, the thief left it in Parkerford near the bridge to Linfield. He first stole the spare tire and rim and several small items from the trunk of the car.

Residents noticed the car parked near the bridge and called Hoppe. He, in turn, checked through the lists of stolen cars and found that it belonged to Byler.

Byler claimed his car yesterday from the garage to which Hoppe had it towed to protect it from the weather.
